CAR AND WAGON COLLIDE; PASSENGERS ARE INJURED

MASS CELEBRATED WITH POLICE ON GUARD

CATHOLIC CLERGY HOLD SERVICE; BELLS SILENCED

POPE PIUS X.

Front Gates of Churches Closed, but the Parishioners Enter Through Side Portals.

PARIS, Dec. 13.—There was an impressive response this morning to the clergy's appeal to their parishioners to attend the first masses celebrated outside of the pale of the law.

A correspondent of the Associated Press visited a dozen churches, including Notre Dame, des Victors, St. Germain d'Auxerrois, where the signal for the St. Bartholomew massacre was given; St. Roch, the Madelaine and St. Augustine.

Everywhere it was the same story. The front gates of the churches were closed, but the Catholics, by the light of dawn, were streaming through the side portals.

NO INTERFERENCE.

The interior of the buildings were well filled; in several places there was music, but nowhere was the slightest attempt to interfere with the service or create a disturbance.

Three policemen were stationed outside the porticos of the churches to prevent possible disorder, while police officers in plain clothes were on duty inside to note the infractions of the law, taking the names of the officiating priests and approximating the number of those present, with the object of making reports to the justices of police.

Formal charges were entered wherever mass was celebrated, except at the churches of St. Jean l'Evangile and St. Blaise de Charonne and Pere la Chaise, whose parishioners, following the example of the first mentioned church, made the called-for application yesterday evening to hold services under the law of 1881.

The Vicar of St. Blaise de Charonne, when induced by his parishioners to take the step, said:

"Whatever the consequences, I regret nothing. I am a Frenchman above everything."

ACTOR WHO NIGHTLY PLAYS AT COMMITTING SUICIDE FINALLY TAKES HIS OWN LIFE, USING A LONG CHEESE KNIFE, BY SALOON LUNCH COUNTER.

NEW YORK, Dec. 13.—A man who described himself as Rankin Duvall, an actor, 40 years of age, entered a Sixth avenue saloon today, walked to the lunch counter, picked up a long cheese knife and, turning to the bartender, asked:

"May I use this?"

"Certainly," replied the bartender, (thinking he was about to carve some cheese for himself.)

Instead, he unbuttoned his coat and vest and, pressing the point of the knife to his abdomen, threw himself heavily to the floor, so that the big blade ripped his body. Then he thrust the weapon twice more into the frightful wound.

At the hospital, to which Duvall was taken, it was said he had only a slight chance for recovery.

Duvall is said to be the son of a Baltimore merchant. He recently played in the "Darling of the Gods" in the last act of which he nightly enacted committal of suicide in Japanese fashion. At the hospital he said he lately has been playing in "Madame Butterfly."

REFUSES TO QUASH CHARGES AGAINST SCHMITZ AND RUEF

Judge Dunne Holds That Indictments Are Legally Returned by Grand Jury and Trial Must Proceed.

SAN FRANCISCO, Dec. 13.—The oral motion of the attorneys for Mayor Schmitz and Abraham Ruef to strike out the five indictments found against them by the grand jury from the file, on the ground that Grand Juror Wallace E. Wise had been a trial juror within the year, was practically denied by Judge Dunne today. He refused to allow the testimony supporting the allegation to be introduced.

Henry Ach, attorney for Mr. Ruef, offered to make proof that Juror Wise had served on the regular panel in Judge Lawlor's court from January 1 to July 9. Special Prosecutor Heney objected, and the court sustained the objection, acknowledging that he was practically denying the oral motion. Attorney Barrett, for Mayor Schmitz, repeated the offer of his colleague and the court took the same action.

The defense will now revert to the statutory grounds set forth in their written motion to set aside the indictments and on Monday next the grand jurors will be interrogated as to their bias and prejudice.

In support of the orall motion of the defendants Attorney Ach made the following offer:

"We offer to prove that Wallace E. Wise, one of the grand jurors who served and participated in the finding and return of the indictment No. 303, was a juror in the regular panel of the Superior Court of the City and County of San Francisco and served as such from January 1, 1906, until July 9, 1906; that on July 9, 1906, he was regularly discharged by the judge of that department."

Assistant District Attorney Heney was on his feet in an instant and objected to the introduction of the testimony on several grounds.

Judge Dunne sustained the objection and the defense saw that at once this action was tantamount to a denial of their motion. Ach replied.

"Your honor, having shut out this evidence, practically disposes of oral motion. It may be inferred for the same reasons that your honor will overrule the sub-division of the written motion to set aside the indictments."

Judge Dunne acknowledged that Ach had arrived at the correct conclusion. Thereupon Attorney Barrett repeated the offer of Ach for the benefit of his own clint and the same action was taken by the court.

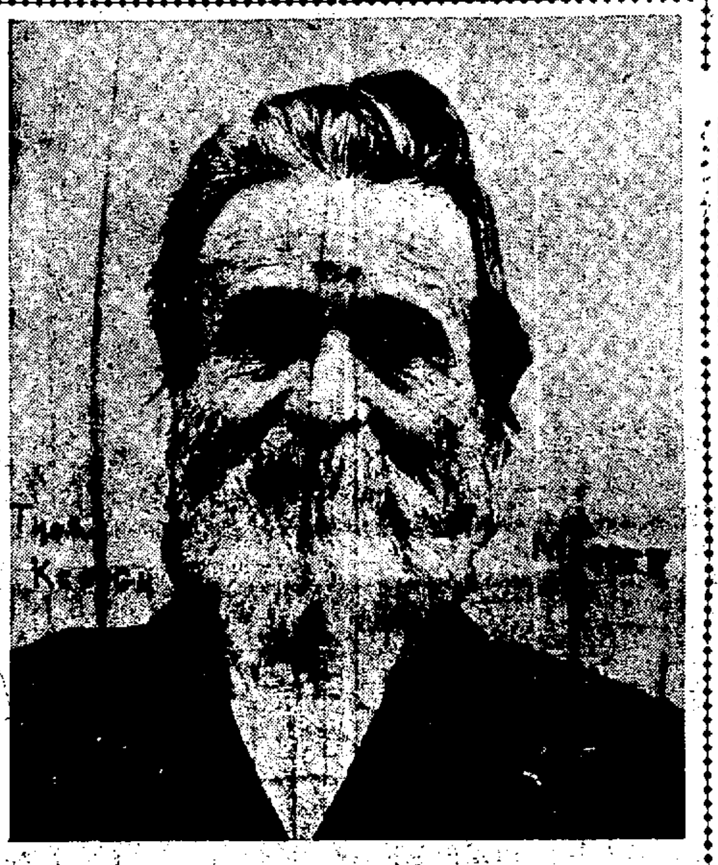
The case then went over until Monday, when the grand jurors were instructed to be in court ready to b interrogated on the question of the bias and prejudice which the defense charges them to have had.

PARADE OF PROGRESS FRIDAY NIGHT, DEC. 14

TO THE PUBLIC: At a meeting of the executive committee of the Oakland Parade of Progress, held on Wednesday morning, it was agreed, on account of the storm, to hold the street celebration on the first pleasant evening after December 12. The impression has gone out that Thursday (today) would be the date, but the bands require twenty-four hours' notice and as the streets cannot be prepared in one day, the date finally agreed upon is the evening of Friday, December 14. We greatly regret the inconvenience caused by the enforced postponement, but confidently believe that the entire festival will be made the more attractive on account of additional time for preparation.

(Signed) Frank W. Bilger, chairman executive committee; Theo. Gier, chairman finance committee; Geo. W. Austin, president Parade of Progress; Edwin Stearns, chairman parade committee; Chas. F. Ott, chairman street decorating committee; F. Zinkand, chairman store decorating committee; Guy Smith, chairman music committee; John F. Conners, treasurer; Stuart W. Booth, secretary.

WOMAN AIDS AGED MAN ON TRIAL FOR HIS LIFE



THOMAS KEOUGH.

Mrs. Kate Taylor Testifies That a Drunken Brawl Led to the Death of George Bendell.

Mrs. Kate Taylor proved an interesting witness for the prosecution in the Keough murder trial this morning. Her testimony, although for the People, in many parts is favorable to the aged man, who is being tried for taking the life of George Bendell, December 20, a year ago, in this city, and who, since his arrest on that night, has been confined in the county jail waiting to be tried for the crime which he pleaded not guilty of having committed.

Mrs. Taylor took the stand late yesterday afternoon and was again called upon this morning to testify to what she knew in regard to the quarrel of the two old men who lived in her rooming-house. She was thoroughly cross-examined by Judge A. L. Frick, who is handling the defense, and was also asked many questions by Deputy District Attorney W. H. Donahue, who is representing the people.

DRUNKEN BRAWL.

There seemed to have been a drunken brawl between the old men on the evening of December 20. She stated that Keough had to pass through the room occupied by Bendell in order to get to his sleeping apartments. On this night, she says, Bendell had been drinking quite freely and that he was by no means a sober man. When Keough went to pass through the room that held him from his own quarters, the door was slammed against him, and the deceased called vile names to Keough.

The witness told the jury that Bendell continued the swearing for a long while and that the defendant stood there and took it all in without taking steps to check the drunken man. From her position in the kitchen, she says that she could easily hear all that was said without any effort to go near the man. Bendell, according to her statements, also called her these vile names.

HE OFTEN SWORE.

Mrs. Taylor said that it was Bendell's custom to swear when under the influence of strong drink, and that he then became very abusive.

The scuffle that followed after the swearing had been going on for some time was narrated to the landlady by Keough, who went out the door to summon an officer, which she supposed was for the arrest of Bendell.

She said that Keough's story was to the effect that Bendell started after him with a heavy cane and threatened his life. The defendant took the stick away from the would-be assailant and struck him over the head instead. Mrs. Taylor said that when Keough told her of his having clubbed Bendell, he said: "When I hit I hit hard," and that the injured man fell back on the bed. Keough's part of the affair ends here, according to his

20 PEOPLE NARROWLY ESCAPE DEATH

Accident Occurs on Fourth-Avenue System.

The lives of twenty passengers, mostly women, and that of J. Lilienthal, a produce merchant at 3228 Adeline street, were endangered this morning about 11:30 o'clock in a collision between a Fourth avenue car, No. 281, of the Oakland Traction Consolidated and Lilienthal's wagon at Twentieth street and Broadway. Lilienthal sustained a severe abrasion of the left hand, but his escape from death is attributed to the fact that when he was hurled from the seat of his wagon, he landed in soft mud.

The wagon was almost totally demolished in the crash, but the horse escaped uninjured. The car was badly wrecked, the front being smashed in and the fender twisted. The entire car was thrown ajar from its trucks, and it was so badly damaged that it had to be hauled to the car barn for repairs.

PASSENGERS HURT.

None of the passengers were injured severely, although several sustained painful bruises from being thrown from their seats.

When the crash between the car and the wagon came, women screamed and scrambled for the doors of the car in an effort to avoid injury.

CAR TRAVELS FAST.

The car was going north out

CATHOLIC CLERGY HOLD SERVICE; BELLS SILENCED

Front Gates of Churches Closed, but the Parishioners Enter Through Side Portals.

(Continued from Page One.)

Early dispatches from the departments say that wherever mass was celebrated charges were drawn up and summonses issued.

At Chalons, the Abbe Panaudin claimed that the church bells were not rung and that no person was invited to mass, and that therefore the assemblage had not the character of a public meeting, whereupon he was compelled by a police officer to inscribe his protests upon the summons.

At the final meeting last night of the diocesan council here, it was decided that neither the ecclesiastical residences nor the seminaries should be abandoned except before a show of force.

It is officially stated that the letters of Mgr. Montagnini, the expelled secretary of the Papal Nunciature here show that the majority of the French bishops favored observance of the law of 1881 and bowed with reluctance to the papal decree.

The official statement adds that the inviolability of the diplomatic correspondence of the nunciature was scrupulously respected before the rupture between the Vatican and France.

CARDINAL SAYS RIGHTS OF MAN ARE VIOLATED

ROME, DEC. 13.—CARDINAL MERRY DEL VAL, THE PAPAL SECRETARY OF STATE, IS PREPARING A VIGOROUSLY WORDED PROTEST AGAINST THE ACTION OF THE FRENCH GOVERNMENT IN SEARCHING THE ARCHIVES OF THE NUNCIATURE AT PARIS. THIS PROTEST WILL BE HANDED TO THE MEMBERS OF THE DIPLOMATIC BODY ACCREDITED TO THE VATICAN. THE SECRETARY OF STATE SETS FORTH, AMONG OTHER THINGS, THAT THE INCIDENT IN QUESTION IS THE FIRST INSTANCE IN HISTORY OF SUCH A VIOLATION OF THE RIGHTS OF MAN. THE VATICAN IS CONVINCED THAT THE FRENCH GOVERNMENT WITH WHAT CHURCH OFFICIALS CALL "BRIAND'S BLACKMAILING CIRCULAR," AND THE OFFENSE AGAINST THE RIGHTS OF MAN COMMITTED WHEN THE GOVERNMENT EXPELLED MONSIGNOR MONTAGNINI AND TOOK POSSESSION OF THE PAPAL ARCHIVES, HAS PLACED THE POSITION MAINTAINED BY THE CHURCH ON A SOUND BASIS, WHICH INSURES HER THE MODEL SUPPORT OF ALL RIGHT MINDED PEOPLE. THE VATICAN HAS ALREADY DESIGNATED ANOTHER PRELATE TO TAKE THE PLACE OF MONSIGNOR MONTAGNINI FOR THE PURPOSE OF FACILITATING COMMUNICATION BETWEEN THE HOL YSEE AND THE FRENCH EPISCOPACY AND CLERGY. THE NAME OF THIS MAN, HOWEVER, IS KEPT SECRET TO AVOID "PERSECUTION."

EXPELLED SECRETARY IS IN CONFERENCE WITH POPE

The Report Is to Be Used for a Protest to the Foreign Powers Against French Government.

ROME, Dec. 13.—Immediately after his arrival here today Mgr. Montagnini, the expelled secretary of the papal nunciature at Paris, went to the Vatican and conferred with papal Secretary of State Merry del Val and Mgr. Della Chiesa and Mgr. Gasparri, the assistant secretaries, and made them a long report on the situation in France, especially in regard to the documents seized at the Paris nunciature, several hundreds of which deal entirely with the Franco-Vatican conflict and will be especially interesting to the French government as showing, it is asserted, the differences of opinion among the members of the French episcopacy.

The report of Mgr. Montagnini will be used for a protest to the foreign powers against the action of the French government.

Immediately after his conference with Cardinal Merry del Val, Mgr. Montagnini went to the Pope, who asked for minute details of the secretary's expulsion and of the documents seized.

Mgr. Montagnini expressed the distress which he felt as a result of his expulsion and presented to the pontiff a rather dark picture of the situation, saying he believed the present French government will not be induced to change the attitude which it has assumed towards the Vatican.

ROW IN RESTAURANT AIRED IN COURT

A disturbancet in a restaurant a restaurant at Willow and Atlantic streets, West Oakland, was aired in Police Court two this morning. George Gordon, the proprietor of the place, and Mrs. A. Lancaster, one of his patrons, both colored, were arrested on a charge of disturbing the peace by Policeman Fahy.

Mrs. Lancaster claimed that she had had trouble with a woman in the place and had been beaten. She awaited her opportunity and returned the beating. Upon reentering the restaurant, she asserts that Gordon threw her out and fired a beer bottle at her. Judge Samuels continued the case until tomorrow morning for judgment.

Gordon, during his trial, denied raising a disturbance, but asserted that he had been compelled to out Mrs. Mrs. Lancaster from his place. He was found not guilty.

MESSENGER BOY IS HELD FOR TRIAL

O. J. Houston, a messenger boy, arrested on a charge of battery, preferred by a relative, pleaded not guilty this morning in department one of the Police Court and demanded a jury trial. His hearing was set for January 29.

HEALTH BOARD DENIES RUMOR

Diphtheria in Grant School Not Result of Creek Sewage.

The board of health desires statements that have been made that the prevalence of diphtheria in the Grant school district is due to sewage matter emptied into Cemetery creek. The health authorities have so notified Superintendent of Schools McClymonds, who has been investigating the matter for some time, especially since the closing of the Grant school, where it was found that twenty-five per cent of the scholars were infected with diphtheria.

Superintendent McClymonds is arranging to have the Grant school thoroughly fumigated and cleansed before the new school term.

City Engineer Turner is planning right of ways for sewers along Cemetery creek. He stated this morning that if the property owners on Laurel street near Richmond avenue would raise enough money, that, with the assistance of the council, an extension of Richmond avenue from Moss avenue to Laurel street could be purchased. A right of way through this property will not be granted by the owner, but he is willing to sell the property.

CAR AND WAGON IN A COLLISION

(Continued from Page One.)

Broadway and was running at an excessive rate of speed, according to the statements of pedestrians who witnessed the collision.

Lilienthal drove across the tracks at Twentieth street, and the car struck the rear of his wagon. At the time of the collision the car made a leap into the air, the forward fenders coming down on the wagon, crushing the vehicle. The contents of the wagon, eggs and potatoes, were thrown in all directions about the street.

The motorman, whose name would not be revealed by either himself or the officials of the company, stated that Lilienthal drove across the tracks directly in front of him and that it was impossible for him to stop his car soon enough to avoid the collision.

story to Mrs. Taylor at the time of the quarrel.

The witness was asked why she did not go and see for herself what the cause of the abrupt ending of the swearing and fighting meant, but she stated that she was afraid to go near Bendell when she was drinking, for he threatened her life, and that she did not care to take any chances with the drink-crazed man.

Mrs. Taylor interceded with Keough when he went out for an officer but he made his exit by the way of the back kitchen and did not go to the room of the moaning man who, she asserts, made noises similar to when he was drunk.

When the doorbell rang she went to the front of the house, and in doing so passed Bendell's room, but did not see the dying man on the bed. She says she noticed the dimly burning lamp and heard Bendell, but did not see his form in the dark.

MEETS POLICEMAN AT DOOR.

Upon opening the front door she saw Policeman Gardner and Keough. They came in and found the body, then summoned the patrol to convey him to the Receiving Hospital.

Mrs. Taylor's testimony is regarded as very important, for it best relates the affair between the dead man and the man who is being tried for taking his life.

Willie and the Christmas Stuff

Gee! When I look around the store and see the bunch of things that I could use Christmas, I just can't help but wish I was a Rockefeller or a Morgan so I could loosen up and buy out the lot and give them away. I hope everybody are as busy as we are here for I have always heard my boss say that he likes to see everybody do well and sell goods; that there is plenty of business for all and I guess there is, cause I could live off the overflow if I had a store near here, but about those Holiday things, Gee! you must see them. We have a line here that can't be beat and so easy to select them. Come in and try. You know we have a store in Berkeley, too, so you can drop in there.

FIGHT TRUST WAS SLAIN IN BATTLE OF PANCAKES

Dies Bathed in Catsup and Punctured by a Pickle, Hurled by Coffroth at Graney.

SAN FRANCISCO, Dec. 13.—The battle of the German pancake at the Oyster Loaf Tuesday morning has settled the fate of the fight trust for good. The tomato catsup which James Coffroth scattered over the person of Eddie Graney has made the breach between the rival magnates so wide that all the king's horses and all the king's men could not bring them together again. Whether anything more serious than catsup will flow remains to be seen. Insults have been carried back and forth between the Cafe Willis and the Tuxedo all day through the affidavit men of both places and there are wild rumors of a duel to the death.

COFFROTH MAKES REPLY.

Coffroth says with a Vere de Vere sneer: "I would not shoot Mr. Graney. The only place where I could hit the gentleman would be in that part of the anatomy known as the corporation. Should a bullet penetrate that a stream of honesty would flow. It would be a shame to disturb so much concentrated honesty."

This was uttered in the same tone that Marc Antony used when he was handing the padded knock to Brutus.

While Coffroth and Graney are each sulking in his tent—or, rather, bar—Morris Levy is down where the orange blossoms blow, and Willis Britt is reclining peacefully in a cot weeping softly because the moon is making faces at him and the stars won't let him play tag with them.

BRITT ONE OF THE CAUSES.

Willis was one of the immediate causes of the battle of the German pancake. For several days he has been in a belligerent mood. He has also been loquacious, and his utterances while the burst of indignation was on caused the members of the paralytic fight trust much concern. The presence of the pistol in the battlefield of the German pancake is attributed to Willis by Coffroth.

The night that Willis accused Lonergan of having accepted $500 the brother of James Edward became more and more warlike. Finally he demanded a revolver, announcing that he was going forth to slay, among others, Abe Ruef, Mayor Schmitz, Francis J. Heney and Burns. He demanded instantly to be furnished with a revolver and the munitions of war. Coffroth handed him a pistol that had been brought to Manila by Magellan and turned him loose to slay.

Harry Monohan, thinking that the pistol was really a dangerous weapon, abstracted it from Britt's pocket. This was the weapon that was drawn during the battle of the German pancake.

ENTRENCHED BEHIND PANCAKE.

The historic struggle is called by that name along Fillmore street because at the time the Coffroth cohorts swooped down upon him the village blacksmith was entrenched behind a German pancake. His only weapon was a cup of coffee, afficacious at short range, but of little use for long distances.

There was no open declaration of war. The first thing that Graney knew of the impending hostilities was when a heavy charge of catsup burst over his shirt bosom. He hastily ambushed himself behind the pancake. He reserved his coffee, waiting as did the men of Bunker Hill, until he could see the whites of his enemy's eyes.

The catsup was followed by a dill pickle, which was discharged at comparatively close range. It inflicted a painful though not dangerous wound. The gallant Graney waited behind his pancake breastwork with the coffee ready.

Shouting the war cry of the cafe, Willis Coffroth let loose volleys of salt, mock turtle soup and tabasco sauce. The Monahan drew the antique weapon with which Willis Britt set forth to annihilate the administration and the District Attorney's office.

Thompson, the proprietor of the cafe, leaped over the kitchen stove when he saw the thing, and one of the waiters who tried to follow him stepped into a pot of rice tomato soup. The floor of the cafe was wet with catsup and soup, but no gore was spilled.

SAYS COFFROTH IS LIAR.

Coffroth declares that at this juncture Graney made a hasty exit. Graney says that "Coffroth lies when he says so." He declares that he strode quietly past the auburn-haired magnate, who was brandishing a huge knife.

"I did not want to talk," says the Honest Blacksmith. "But since our friend James has begun it charity ceases. When he says that I ran out of the place he is a liar."

"He is responsible for the trouble. He came into the place and began to throw things at me when my back was turned. He threw catsup and other things which I am not accustomed to taking externally.

"Armed with a bundle of whisky and I don't know what other weapons, he declared that either he or I had to die. I quietly told him that it was not the time or place for trouble.

"'What do you want me to do?' he asked. 'Do you want me to shoot you from here?'

"I told him that I was not at all anxious to be shot. Then he said, 'You are a crook.'

"I suppose that when the time comes to prove it he will have a hundred affidavit men and free lunch bums to prove it. But he did not have them with him that time. There were some men and women in the place who do not belong to the affidavit family. Well, the only thing that I regret is that I didn't finish my German pancake."

CALLS IT A JOKE.

Coffroth says: "Why I look at the whole thing as an awful joke. I threw the catsup but not the bottle and I also plead guilty to the dill pickle."

A duel between the veterans of the Battle of the German Pancake has not yet been arranged. Coffroth says that he will fight Graney, if the latter will consent to be sprung from a trap like a clap pigeon, as Coffroth's favorite weapon is the shotgun. Graney is holding out for sledges.

And in the meantime, the fight trust members are drifting farther and farther apart. There are many who think that if some sort of truce is not patched up that the real facts about the fight trust will be revealed by one of the members.

BOER BATTLEFIELD SAW BEGINNING OF ROMANCE

Ernest H. Denicke and Mrs. Josephine Weber Clement Will Be Married This Evening.

BERKELEY, Dec. 13.—The marriage of Ernest H. Denicke, who was recently acquitted in the Superior Court of San Francisco of the charge of killing an Italian on the water front, in the excitement attendant upon the fire, and Mrs. Josephine Weber Clement, the widow of a captain in the British army, who was killed in the Boer war, will take place tonight at the residence, in Berkeley, of Prof. A. L. Leuschner, of the State University. Only the immediate relatives of the contracting parties will be present, seventeen in all, including the bride and groom, and the officiating clergyman, Rev. John Lathrop, of the First Unitarian Church of Berkeley. Neither the bride nor the groom will be attended.

Mrs. Leuschner is a sister of young Denicke. The wedding was to have been held about two weeks ago, according to the wishes of the elder Denicke, but his son insisted that the ceremony should be performed today. Since the fire, Denicke has been living at the home of his parents, Mr. and Mrs. E. H. Denicke, 1504 Scenic avenue. Mrs. Clement has been staying at the home of K. E. Miller, 2507 Channing way, Berkeley.

The marriage this afternoon is a culmination of a romance begun in South Africa some years ago, shortly after Mrs. Clement lost her husband on the battlefield. Denicke was at that time employed by a South African mining company as engineer. Before leaving South Africa, the two became engaged. When Mrs. Clement arrived in San Francisco last spring with the intention of becoming Denicke's bride, she found the city in ruins and her intended husband on trial for his life. She attended him during the long sessions of the court, and was at his side when he was acquitted.

Young Denicke is the son of the millionaire banker of San Francisco. He graduated from the University of California with the class of 1899. After leaving the State University, he took up post graduate work along the line of his profession of civil engineering.

POLICE AT CHURCH DOOR AS WEDDING BELLS RING

Small Boys Threatened Mischief During the Loomier-Dickinson Nuptials.

BERKELEY, Dec. 13.—During the progress of the wedding ceremony that united Anna C. Dickieson and Alvin Wilson Loomer, two well known residents of the west end, at the West Berkeley Methodist church last evening, a telephone call was sent to Marshal Vollmer requesting that a police officer be sent to the scene to do sentinel duty. The cause of the hurry call for police assistance was the presence of a band of small boys who had advance information of the approaching nuptials and were making things interesting to principals and guests with rice, tin cans, cow bells and other instruments of mischief. So persistent were the efforts of the youngsters to supplement the wedding celebration with a sideshow of their own, A. H. Miller, one of the deacons of the church, thought it best to telephone for the assistance of the authorities, and civil law in the person of Policeman McClintic united with the representatives of the church, to see that the ceremony was uninterrupted. The mere appearance of the policeman served to quiet the youngsters, and the report that McClintic handed into the marshal on his return was: "Nothing doing."

ELOPED AND WERE MARRIED

Miss Sadie Kelly Changed Her Name While at San Rafael.

The announcement of the marriage of Miss Sadie Kelly, aged 18, to J. G. Mathiesen, aged 22, is made today. On December 5 the couple eloped from this city and were secretly married at San Rafael.

They kept their wedding a strict secret until a few days ago.

The couple have now gone to Southern California on their honeymoon. They will be at home at 1225 Webster street after December 16. Mr. Mathiesen is in the employ of the Southern Pacific Company.

CLAIM TITLE TO PROPERTY

S. P. Company Joins Issue With Cotton Bros. Over Water Front Land.

The Southern Pacific Company and Cotton Brothers have locked horns over a piece of water-front property situated south of First street between Webster and Harrison sts. This particular piece of water-front land has been the cause of litigation for many years.

Several years ago it was claimed by the late "Old Pard" Bassett, John L. Davie and J. P. Dameron. The Southern Pacific Company at that time brought suit to oust these alleged squatters, and a long trial ensued in the Superior Court. It is stated, however, that the title to the property has never been settled in the courts. E. J. Cotton and his brother have been occupying a portion of the land which they use as a store place for their equipment, they being in the contracting business.

Yesterday afternoon the Southern Pacific Company backed a train up to the premises and carted away a portion of the Cotton Brothers' equipment before they were aware of what was going on. E. J. Cotton later appeared on the scene and stopped the progress of the company's work. Cotton Brothers will at once bring injunction proceedings against the railroad company. The Southern Pacific claims title to the land.

In Praise of Chamberlain's Cough Remedy

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effectual, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croup and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children as it is pleasant to take and contains nothing injurious. Mr. E. A. Humphreys, a well-known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough remedy to ward off croup and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by Osgood Brothers, Broadway, corner of Seventh, and Washington, corner of Twelfth.

BOARD WILL RULE "FRATS"

Berkeley Educators Object to High School Organizations.

(Continued from Page One.)

under the direct control of the Board of Education."

This statement was made by Principal James yesterday morning before the assembled students of the Berkeley High School and is generally interpreted to mean that an effort will be made next year to exterminate the fraternities of the high school or deprive them of all the influence that they may have for good or evil on the student body.

"The students or some of them," continued Principal James, "have been guilty of conduct lately that subjects them, yes, and the school itself as well, to the criticism of the general public. The school board is authorized by law to assume control of school activities."

When he was asked if he meant that the fraternities would be made subject to the will of the Board of Education, Principal James refused to commit himself. He said that whenever the Board made a definite report it would be made public.

Considerable resentment was excited among the fraternity members present by the words of the principal. Directly after the meeting there was considerable talk of the fraternities going to law, collectively, with the support of their Eastern chapters, should such a course be necessary for the preservation of the existence of the secret societies.

After speeches had been made by the principal and some of the more prominent students, nominations were made for officers of the associated student body as follows: Presidents, Henry Skinner and Herbert Johnson; vice-presidents, Daphne Forsyth and Lorraine Andrews; secretary, Ransome Rideout; treasurer and auditor, W. C. Clark (faculty); yell leader, Paul Bartlett; football manager, Harry Lawton; track manager, Calvin Holmes; swimming manager, Grover Shannon; managers of the Olla Podrida, Roy Shurtliff and Chester Ristenfort; editor Olla Podrida, George Smith; debating managers, Marion Gates and Ralph Allen; A. A. L. delegates, Roy Miller and Charles Thomas; B. C. L. delegates, Albert Rathbone and John Servis.

Sweaters with the big "B" emblem were awarded Harry Lawton, Jack Sloane, Alfred Rathbone, George Harlowe, Ernest Chapman and Gould Harrold, all members of the relay team, and Clay Vilas, Chauncey Eldridge and John Servis for swimming points in the A. A. L. field meet.

HE FAVORS THE CHANGE

City Engineer for Less Red Tape in Opening of Streets.

An amendment to the city ordinance relating to the opening of streets, which is now before the city council, is favored by City Engineer Turner. The ordinance, which signifies the intention of the council to put the proposition up to electors of this city, is now in print. It is thought that the election will be held about March.

In speaking of the proposed amendment this morning, City Engineer Turner gave as an illustration of the necessity of changing the city laws so that much of the red tape of securing the opening of a street will be cut out, the proposition of opening Fourteenth street through to Fallon street.

At present Fourteenth street stops at Harrison street, commences at Jackson street and runs to Oak street.

It is the desire of City Engineer Turner to open Fourteenth street at Oak and run through city property southeasterly on a curve and connect with Fallon street at Thirteenth. The million-dollar hotel will open the block between Harrison and Alice streets, and the city will then have to open the block between Alice and Jackson streets.

There are many other streets which it is the desire of the city officials to open. The opening of Fourteenth street will make an unobstructed driveway into the heart of Oakland from East Oakland.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body and only my face and hands were free. For four months or so I suffered the torments of the damned and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt.

Sold throughout the world. Cuticura Soap 25c, Ointment 50c, Resolvent 50c (in form of Chocolate Coated Pills 25c per vial of 60) may be had of all druggists. A single set often cures. Potter Drug and Chem. Corp., Sole Props., Boston, Mass. Mailed Free, "How to Cure Baby Humors."

TEN WHEELMEN CRASH AT THE 'DEAD MAN'S CURVE'

Scalps Cut and Teeth Knocked Out in Serious Accident in the New York Race.

NEW YORK, Dec 13.—The worst accident since the beginning of the present six-day bicycle race at the Madison Square Garden occurred early today when ten of the thirteen riders went down in a bunch at what is known as 'Dead Man's Curve,' on the Twenty-sixth-street side of the building. Hollister of Salt Lake City and Vanoni, one of the foreign riders, were severely injured and several of the other riders were badly shaken up. The board track was torn up for a distance of nearly twenty-five yards, and it was found necessary to suspend the race for an hour and a half before the racing surface could be put in condition to resume the race.

It was thought at the time of the accident that Hollister might have been fatally injured or at least so badly hurt that he would be obliged to withdraw from the race. After an examination by physicians, however, it was found that his injuries were confined to a severe shaking up, a number of scalp wounds and the loss of several teeth and it was announced that he probably would be able to relieve his partner Samuelson after a few hours' rest.

Vanoni received a fracture of the nose and several minor hurts, but he too is expected to continue later in the day. All the other riders who went down at the time of the accident were able to take their places on the track when the race was resumed at 9 o'clock.

In order to maintain the position with the leaders which their teams hold, the partners of Hollister and Vanoni must remain on the track constantly until the injured men recover sufficiently to relieve them.

An evidence of the effect upon the riders of the frightful strain put upon them by the constant vigilance of a six-day contest was shown at the time of the crash. While the men were still lying in a heap on the track, Pye, of the Clark-Pye team, who had escaped with slight injuries, leaped out of the bunch, and running wildly along the track, began to shout:

"I win the race. I win the race. They're all dead but me. I win."

He was quieted and taken to his quarters. When the race was resumed, Pye again was in the saddle reeling off the miles with the others.

HOW IT HAPPENED.

The accident came when Fogler of the Root-Fogler team darted out from among the leaders in an attempt to steal a lap. Matt Downey was the first man to accept the challenge, and after a few circuits of the track he caught the leader just as they were sweeping around Dead Man's Curve and the two men brushed each other and fell. In an instant the other eleven riders were upon them and eight of them went down with a crash.

Emil Georget of the French team rode clear over the prostrate riders and crashed headforemost into a box. It was remarkable that his skull was not crushed by the impact, but a moment later he was telling his trainer that he was not at all hurt.

Hollister was rendered unconscious when he crashed into the railing around the track with such force that several of his teeth were knocked out. He was revived a few minutes later and declared he would be all right in a short time. Vanoni also received his injury by colliding with the railing.

Walthour was riding well back when the crash came and fell upon several men, escaping with scarcely a scratch.

The score at 10 o'clock was 1,441 miles and 2 laps for all but the Walthour-Bedell team, which was one lap behind.

Within an hour after the race was resumed, John Bedell, Walthour's partner, shot out of the bunch and had gained almost a lap before the other riders really got after him.

ASSESSORS CRUISE ABOUT BAY AND VISIT BERKELEY

Visitors From All Parts of State Will Witness Parade of Progress This Evening.

The sixth annual convention of State Assessors, which began in this city yesterday, is largely attended and is proving to be most interesting and enjoyable. Yesterday's meeting was called to order by County Assessor Henry P. Dalton, who is president of the organization. He made a few remarks and then introduced Mayor Frank K. Mott, who made the address of welcome. This was followed by an address by Webb [illegible] Waller, secretary of the Merchants' Exchange. Included in the routine work of the meeting was the appointment of committees and their work and a discussion of the proposed amendment to the State constitution whereby the mortgage tax may be paid by either party to the mortgage. It was finally decided that the matter be referred to the State attorney general. Following the session a reception was held in the Merchants' Exchange rooms.

This morning a trip was taken about the bay, the party visiting all points of interest. After the cruise the party went to Piedmont, taking a special car at Fourteenth and Broadway. They lunched at the Piedmont clubhouse and from there went to Berkeley, taking in the surrounding country.

AFTER TYPHOID

The Insatiable Appetite Must Be Carefully Watched

An attack of typhoid fever usually leaves one with an enormous appetite. The wasted body cries out for food material to repair the loss of body tissues.

If care is not used the weakened digestive organs may be overwhelmed before they have become strong.

There is no food that has the tissue-building and energy-producing qualities equal to Grape-Nuts.

This food is predigested—the organs are relieved of the necessity of digesting it. It is concentrated—affording much nourishment with little bulk, contains all the essential food elements for repair and energy. It is therefore valuable under conditions of health as well as convalescence.

A Calif. young lady learned the truth about Grape-Nuts. She writes:

"About four years ago I had a severe attack of typhoid fever. After recovering I had a wild longing for food which nothing seemed to satisfy.

I tried the best of everything but was always weak and hungry. A change to a milder climate did not mend matters—food did not agree with me.

A friend persuaded me to try Grape-Nuts. To my great surprise I did not experience that hungry feeling between meals. It was a great relief and I kept on eating it with great benefit.

Grape-Nuts not only relieved that wild craving for food but made me stronger in mind and body—relieved the old headaches, weakness, strengthened my nerves so that I was easily able to do my work.

I have never tired of Grape-Nuts as one does of most cereal foods. My friends were so surprised at my improved condition after eating Grape-Nuts regularly that many have benefited by my experience." Name given by Postum Co., Battle Creek, Mich. Read the famous little book, "The Road to Wellville," in pkgs. "There's a reason."

SAYS ROOSEVELT USED INFLUENCE

Senator Dubois Charges Roosevelt With Trying to Elect Mormon Candidates.

WASHINGTON, D. C., Dec 13.—President Roosevelt was directly charged today with using his influence for the election of Republican Mormon candidates in the recent election in Idaho and Utah. The charge was made by Senator Dubois in the course of a speech in which he discussed the right of Reed Smoot to a seat in the Senate. Mr. Dubois asserted the control of the Mormon church to be complete in the hierarchy, consisting of the presidency and the twelve apostles of which Mr. Smoot was one. This control, he maintained, was ecclesiastical, political and commercial and was exercised completely over followers who come principally from foreign countries. The constant tendency, he said, was to make the church and state one, with the control in the church.

SWINDLERS POSING AS UNION MEN

Two swindlers are working in the cities about the bay claiming to be representatives of the Switchmen's Union of North America and securing subscriptions from philanthropic persons, declaring that the money is to be added to the widow and orphan fund being raised by their organization. Unsuspecting persons in this city are warned to look out for the bunco men. Grand Organizer A. T. Davis of the Switchmen's Union has heard of the operations of the swindlers and has notified the police to apprehend them.

Now, Let's talk this thing over.

Just you and I. Christmas is only a few short hours away. You can count them, so can I. You are going to be busy buying and we will be busier selling. It's that trading of our merchandise for your dollars that makes us both useful to one another.

COMEDY PLAY AT MACDONOUGH

"The Heir to the Hoorah" Is The Offering for This Evening.

In "The Heir to the Hoorah" Paul Armstrong's comedy which comes to the Macdonough tonight and the balance of the week, there is a deal of reference to the marvelous richness of the mine which has founded the fortunes of Joe Lacy his brother Dave and their partner Bud Young. Some of these auriferous expressions must have penetrated the Wall street district. Anyhow during the New York run of the play a florid prosperous looking gentleman with the comfortable district trade mark fast upon him after purchasing tickets of Treasurer Robert Forbes of the Hudson theater one night stopped long enough to pass a business card in at the box office window. The card bore the legend "Douglas Lacy & Co Bankers Dividend paying Mining Stocks, 66 Broadway New York."

"Just hand that to Joe Lacy for me," he chuckled. "If he wants to float any of the Hooray stock tell him to put the matter in my hands and we'll keep the commissions in the Lacy family."

There will be a matinee Saturday and Sunday.

GABRILOWITSCH PIANIST

The sale of seats is now open at Ye Liberty playhouse for the concert by Ossip Gabrilowitsch the wonderful Russian pianist which is scheduled for next Thursday afternoon December 20 at quarter past three.

Words cannot describe the poetry and charm of this young artist's playing. It touches the heart as well as the head.

One of the specially attractive works on his program is the sonata by Chopin in which the great Funeral March forms one of the movements. It is said that neither Paderewski nor De Pachmann both of whom are considered great interpreters of this work invest it with the beauty and sympathy of this artist and Gabrilowitsch is indeed an artist in more ways than merely a piano virtuoso. He is considered a fine orchestral conductor, composes music of much intrinsic worth and paints fully as well. His portrait in oils of Anton Rubinstein created a veritable sensation at the Art Society's Exhibition in St Petersburg. [illegible] It is considered the [illegible] of the great master that has ever been painted.

Gabrilowitsch is still quite a lad having just turned his twenty-eighth year.

In the past Oakland has not been very liberal in its support of great musical stars and it is to be hoped with our vastly increased population that this will be remedied and that a full house will greet Gabrilowitsch next week and at the same time encourage Manager [illegible] in bringing us the best talent of the world for unless we support such efforts the citizens of Alameda county will again be compelled to cross to San Francisco for their musical goodies.

IDORA PARK

The sumptuous production of "The Isle of Chee Foo" is attracting many to Idora park and a more satisfactory and complete light operation production has never been seen here. Vogt's music is delightful and the orchestra alone is worth double the price of admission.

Sybil Page does some singing that any opera house in the world might be proud of and the stage business which is entirely devised by Ferris Hartman gives ample proof that in this man Idora park has one of the few really fine stage directors in this country.

Paul Steindorff's reputation has long been established and we always expect good things from his end and we always get them too.

"The Isle of Chee Foo" is not a comic opera in the true sense of the word. It is far better described as a romantic opera and at times almost reaches the dignity of a grand opera.

Wednesday evening December 19 will be a gala night at Idora for Vogt's friends have arranged a testimonial to him for that night. The orchestra will be greatly enlarged on that occasion and crowds from the Bohemian Olympic and Athenian clubs will make the night merry.

Preparations for the big Christmas production of "The Toymaker" are under way. A glorious transformation scene will be an additional attraction for the young folks.

PROGRESS CLUB TO MEET THIS EVENING

The Alameda County Progress Club will meet this evening at 8 o'clock at the Electrical Workers Hall 865 Broadway. CHRISTMAS

is right around the corner now when the full dinner pail, the full stocking and the full citizen (the man who wants to stop on the street corner and harangue his "Citto Fellizens") maintain a certain degree of lumminosity. I wonder if that is a good word. Some years ago I loaned my dictionary to a neighbor (a new $12 00 book) and his house was destroyed by fire without any insurance, before he thought of returning it. Since then I have depended almost entirely on my memory for spelling and definitions of words. Some things one never forgets. There is Lehnhardt's chocolate ice cream and charlotte russe. I can't forget those.

NAVY SHOULD BUILD SHIPS

Admiral Capps Says the Government Is Able to Do the Work.

WASHINGTON, Dec 13.—The ability of the Government navy yards to turn out war ships equal in all respects to those built under contract in the opinion of Rear Admiral Capps of the Bureau of Construction of the Navy in his annual report has been fully demonstrated. He urges that at least one yard on the Pacific coast and one on the Atlantic coast when practicable should be given a reasonable proportion of new construction work in order that such yards may always be available for any work the government may desire to undertake therein. In this connection reference is made to the battleships Louisiana and Connecticut the latter constructed in the New York Navy Yard, Admiral Capps remarking that at the time of the delivery of the Connecticut the actual condition of work on the vessel was practically identical with the Louisiana so far as concerned all matters unconnected with armor and armament.

Admiral Capps admits that it costs less to build a war ship by contract by reason of the shorter hours of labor paid holidays etc., granted to navy yard employes etc but he believes nevertheless that the Government should always be prepared to turn out its own ships in times of emergency.

The lack of suitable docking facilities at Norfolk and Mare Island is commented upon as being especially embarrassing to the bureau as no battleships of any class can be docked at either of those yards. He recommends the building of an additional dry dock capable of docking the largest vessels at both the Norfolk and Pensacola navy yards and provision should be made for enlarging and rebuilding dry dock 3 at the New York Navy Yard. The development of the Norfolk Navy Yard to meet the requirements of a fleet as regards construction and repair is recommended for special consideration.

The latest and smartest waste baskets are of leather covered with an open pattern of wicker and with a large roll of the leather over the top. These are particularly appropriate for the library or study when the leather is the exact shade of wall paper chairs and other furnishings. So far they are sufficiently expensive to be very exclusive.—New York Press.

OAKLAND MEN ARE INTERESTED

Hundreds of Acres of Land in Washington to Be Marketed in Lots.

TACOMA, Wash, Dec 13—San Francisco men have purchased 2000 acres of land adjoining the city limits of Tacoma on the west and southwest making them the largest owners of suburban acreage in Tacoma. They have formed the Narrows Company to own and plat their holdings part of which extend to the narrows on the western side of the Tacoma peninsula.

W A Irwin of San Francisco, president of the company, is here getting the operations under way. One tract in Steilacoom near the line is being cleared by 200 men. It will be laid out with paved streets and cement walks sewers and water pipes. Irwin and John Spring and their associates have laid out and sold similar suburban tracts adjacent to San Francisco, Oakland and Seattle. The cost of platting and improving all their holdings will exceed $1 000 000. Most of their acreage lies outside of the city limits, giving an opportunity for the creation of model suburban communities.

The purchases of Irwin and Spring southwest of the city extend nearly to the big holdings of the Dupont Powder Company which has started work on the erection of a $500 000 powder plant.

A number of Oakland business men are interested in the project, but their names will not be made known at present.

Ask for any flavor at same price, either raspberry, strawberry, rose, banana, almond, lemon, vanilla, orange, nutmeg, ginger, wintergreen, peach, cinnamon, peppermint, celery or cloves.

We have improved the quality of our Gold and Silver Label Extracts. They will be found triple concentrated; thus a few drops will do the work of a teaspoonful of common kinds, besides being purer and of finer flavor.

FIVE REASONS WHY WE SUCCEED

Success isn't made up of orders. It is made up of re-orders. And a good customer, wrongly treated, lasts no longer than the shoddy he buys.

There is always a "come-back" on every sale. Whether it is a "come-back" in re-orders, or a "come-back" in returned goods depends entirely upon your product itself.

"Value received" is the most potent salesman after the first order has been filled.

Every cent saved in shortened value is lost in shortened trade. To keep up the sales, we keep up the quality.

We aim first to sell **Satisfaction**; and the goods that give it will re-sell themselves.

Coffee

Twenty-Two Years a Customer

A——, Cala., July 28, '06.

I notice the picture of your new store in San Francisco Chronicle, and can not but congratulate you on your enterprise, and hope you will be able to overcome the loss you sustained during the calamity, for I realize entirely what it means to you. I had been in touch with you for the last 22 years, and fully understand what you had to contend with during that period.

I am truly yours,

(Signed) J. P. HOUDA.

OUR GREAT COMBINATION ORDERS—WHOLESALE

THE STORY OF OUR COMBINATION ORDERS IS INTERESTING. IT FIRST BEGAN BY OUR NOTING THE CHARACTER OF ORDERS RECEIVED FROM OUR MANY CUSTOMERS—EVERY ORDER CONTAINING FIRST OF ALL SUGAR, THEN TEA, COFFEE, BAKING POWDER, ETC. THIS LED US TO TRY A SAMPLE COMBINATION ORDER THAT WOULD SHOW A LOT OF STAPLE GROCERIES AND BY CLOSE BUYING AND CAREFUL SELECTION WE FOUND WE COULD PUT UP THESE ORDERS IN LOTS, SAVING THE TIME OF FILLING EACH ONE AS THEY WOULD BE MADE UP BY EACH CUSTOMER.

WE PLACED OUR FIRST COMBINATION ON TRIAL. IT TOOK AT ONCE, AND THE RESULT IS THAT TODAY WE ARE SELLING MORE COMBINATION ORDERS THAN ANY OTHER WAY, BECAUSE BUYERS GET THEIR GOODS FOR NEARLY HALF IN THIS WAY.

GLANCE THROUGH THE FOLLOWING PRICES AND SEE THE GREAT MONEY SAVERS. COMPARE OUR PRICES AND SEE IF YOU ARE NOT SAVING BIG MONEY BY BUYING IN COMBINATIONS.

An Event in Advertising.

In today's issue of THE TRIBUNE appears the largest single advertisement of a mercantile house ever printed in a Pacific Coast newspaper. It came from Smith Brothers Cash Store in San Francisco and takes up four full pages of THE TRIBUNE—28 columns or 581 inches of space.

The printing of this advertisement is worthy of special mention for several reasons. First, it is the largest of its kind ever printed in this State; second, it is from a San Francisco house and appears in an Oakland newspaper; and third, it came to this office entirely unsolicited. It shows, for one thing, how highly the trading field of Alameda county is regarded by enterprising business men, and for another, that THE TRIBUNE is held in the highest esteem as an advertising medium by wideawake merchants. This huge advertisement will be carried by THE TRIBUNE into more than 20,000 prosperous homes, and will be worth many times its cost to the enterprising firm presenting it, where it will make an impression that will bear fruit for many months to come.

Tulare Oranges First in Market.

We are in receipt of the following communication from an appreciative reader of THE TRIBUNE in Tulare county, endorsing an article printed in this paper a year ago on the growth of early oranges in California:

EDITOR TRIBUNE: The enclosed editorial appeared in your valuable paper last year, and I have the pleasure to advise you that the first car of oranges shipped East this year from California was from Lindsay, on October 29, from which point from ten to thirty carloads per day have been shipped and will continue for some weeks yet. The output from this place this year will exceed 800 carloads, as compared with 574 last year.

Lindsay district is the greatest in America. Orchards pay handsome profits, and are free from scale and rust.

Investment seekers make no mistake when they come here. Come down, Senator, and buy a fine orchard and enjoy the profits of golden oranges. Truly, F. P. FULLER.

Lindsay, Tulare county, December 12, 1906.

We do not reprint the article as Mr. Fuller evidently intended, but it dwelt strongly on the fact that the early oranges sent to market from California are invariably shipped from counties north of Tehachapi. It also pointed out that orange production in the San Joaquin valley is increasing by giant strides, and that the quality of the fruit grown in Tulare and adjacent counties challenge comparison with the finest oranges grown anywhere. But while excellent merchantable oranges are grown in all the interior counties from Kern to Tehama, this favored region produces so many staples that orange growing has hitherto been neglected as of secondary importance.

The People and State's Rights.

Senator Rayner is mistaken if he thinks the American people are deeply concerned about the abstractions of States' rights. He will also discover that they will take little stock in personal attacks on the President, and that they will not sympathize with attempts to make a partisan issue of the Japanese question so far as it affects State control of the public schools. The people have not lost faith in President Roosevelt nor lessened in their respect for him. They regard him as an honest and sincere man, much mistaken in his facts and conclusions, and hence, while disposed to resist any aggression on the constitutional prerogatives of the States, have not lost their confidence in him. It is true that the President was unfortunately intemperate in his language and unnecessarily, almost ridiculously, violent in suggesting the penalties of disobedience, but for all that, the people are not going to galvanize into active life the theory of States' rights which John C. Calhoun carried to its logical and extreme conclusion in order to build a wall of protection around the institution of slavery. When it comes to a concrete proposition like the one presented in the instance of the separate school for Japanese children, they will stand for the rights expressly reserved to the States by the framers of the Constitution. But they are not going to pursue what the late Senator Vest called "d——d barren abstractions" to further the designs of political schemers nor fret themselves and quarrel with the President over hypothetical questions. They will only bother themselves when some right of the States is actually menaced or infringed.

The dispatches from Paris and Rome indicate that the resistance of the Catholic church to the stringent laws prescribing the conditions of religious worship in France will be purely passive; that the Vatican will protest to the last but abstain from counseling violent resistance to the drastic measures proposed by the government. The reason is not far to seek. Austria is powerless to assist the Vatican in this extremity, while the Italian government sympathizes with Clemenceau's determination to suppress ecclesiastical power and influence. Spain is agitated by an anti-clerical movement, and Portugal and Belgium, the only two remaining Catholic countries in Europe, are negligible quantities. If the French electorate continues to back up the Clemenceau ministry there is nothing for it but for the church to submit. Foreign interference being out of the question, the issue between the Papacy and the French government must be decided by the French people. It looks as if popular sentiment in France leans toward Clemenceau.

It appears that it will require an army of 250,000 to properly man our coast defenses. Besides, we need more guns and more forts. At the same time, it is urged that we need a big navy. At this rate, the United States will soon rival the European powers in maintaining a great military establishment.

A VOTE OF THANKS.

EDITOR TRIBUNE: I take this means of showing my appreciation to the Oakland fire department for their promptness in response to an appeal to them to come and save my property from destruction last Sunday evening. Although I am not inside the city limits they stood ready and willing to help in time of need, whereas if they had not, not only I but my neighbors would have been without a home. In Fruitvale we have no fire protection, although our taxes are higher than they are in Oakland. Our insurance rate is nearly 50% higher. We must walk to the postoffice for our mail, and many other things which we are deprived of by not being inside the city limits.

Now, therefore, I hope and ask all fair-minded men to vote for the annexation to Oakland. Respectfully,

P. SEHRENSEN.

Sewage in Cemetery Creek.

Street Superintendent Ott says the stream sewage is running into is not the creek that runs by the Grant school but the creek that runs down from Piedmont. He needs a lesson in physical geography. The complaint is that sewage is running into Cemetery Creek and Cemetery Creek is the stream that runs by the Grant school. Piedmont Creek traverses Pleasant Valley and enters Lake Merritt at its north eastern extremity. Mr. Ott should inform himself in regard to elementary facts before attempting to explain away a condition that admittedly exists. It is an undeniable fact that a number of private sewer outlets drain into Cemetery Creek between the Grant school and Mountain View Cemetery. Measures to abate the unsanitary practice are now in order, not foolish denials from the Street Superintendent, which merely expose his ignorance and indifference. As Cemetery Creek carries the drainage from all the cemeteries at Mountain View, it cannot be said that its waters are partieularly healthful at best, but when they are further contaminated by sewage it is idle to say that they do not endanger the health of the neighborhood through which they pass. The children of a populous district attend the Grant school and every precaution should be taken to preserve the health of the pupils attending it. The prevalence of zymotic complaints among them carries its own suggestion.

STOP THE CHIMNEYS FROM SMOKING.

EDITOR TRIBUNE: Since you kindly published my growl against the quality of the city gas, the Oakland Light and Heat Company, who are after all a very public-spirited and altogether decent corporation, have rectified the trouble, and all is well. But having seen some little good proceed from my efforts I have now got the habit of kicking and can't help it. I have a roar coming against those people who allow their chimneys to emit black smoke—a thing that has given rise to much fault-finding.

The chief offenders in this respect are two corporations who are not behind the gas company in public spirit and decency, and I have no doubt that when their attention is called to the fact, that they are doing a decided injury to the city they will speedily rectify the difficulty. I mean the Oakland Traction Company and the Union Savings Bank. We are all justly proud of our only skyscraper and regard it as a shame that its smokestack is allowed to deface the sky by giving off a most disproportionate amount of black smudge, which represents, by the way, a loss of fuel equal to the yearly interest on a good sized deposit of cash. Such smoke is caused by the gases of combustion coming in contact with the metal plates of the boiler, directly over the fire, before they have had a chance to become thoroughly ignited. The contact cools the gases, which are hydro-carbons, and only the hydrogen can ignite. This leaves the finely divided carbon floating around uncombined, and this carbon constitutes the visible part of the smoke. To correct this it is only necessary to build a firebrick arch over the grate, so as to retain the heat and prevent the unburned gas, as it distills off from the coal, from being cooled by the boiler before it has had time to burn thoroughly.

This little explanation will show how easily and cheaply the difficulty of smoke in cities may be largely got over; but the history of the efforts that have been made in other places show even more plainly difficult it is to wean steam-users from antiquated and faulty methods. Making black smoke is faulty, not only because it makes the town look bad, but because it signifies a waste of fuel and a serious annoyance to residents. No one but the housewife knows how white clothing is soiled by the crocks from coal-burning chimneys. I venture to say that the ladies who dwell near the Piedmont power house have had occasion to realize something of this. One or two of the laundries in Oakland are guilty of the smoke nuisance, and I have often asked myself what connection there may be between their proprietors' ideas of business and the black smudges on their customers' shirt fronts.

I trust that public opinion, which is in the way of making Oakland an even more desirable town than it has yet been, will exercise pressure enough to induce the steam-users here to abate the nuisance of black smoke, which they can do at small first cost, and at some economy in future operation, and with the approbation, probably, of all citizens. Yours respectfully,

A. M. PALMER.

WOMEN FALL INTO DITCH

Plank Sidewalk Collapses and Many Passersby Are Drenched.

Mrs. Agea Trombetti and Miss Maria Brescia, pretty Italian women, were drenched by falling to the bottom of a fifteen-foot excavation by the collapse of a plank sidewalk on which they were walking shortly after six o'clock last evening. The accident occurred on Twelfth street near Franklin.

The women were in the middle of the sidewalk which spans the pit when the supports gave way and they fell amidst the wreckage of the timbers. The excavation was partly full of water. Deseri Mignola secured a ladder and lowering it into the dark pit, assisted the women to reach the sidewalk in safety. Besides a few bruises they were uninjured.

O. M. Martin stepped too near the edge of the embankment, which gave way. Wading through the slush he got out on the opposite side.

SAW BIRTH OF ISLAND

Navigator of Albatross First Detected Peak Above Ocean.

The United States Fish Commission steamer Albatross has arrived in the bay from the Orient, where for six months the scientists on board have been engaged in oceanography and research in marine biology. The Albatross was nine days coming from Honolulu, at which port she arrived November 24 with her flag at half-mast as a tribute to the memory of her commander, who had been washed overboard and drowned three days before. The executive officer and navigator, Lieutenant A. J. Hepburn, who assumed command when the captain, Lieutenant-Commander Leroy M. Garrett, was lost, brought the Albatross to this port. After passing quarantine she proceeded to an anchorage off Sausalito.

The Albatross was in the vicinity of Perry island either at the time or shortly after that latest peak of land poked its nose above the water. Lieutenant Hepburn first detected the smoking hot island, and believes that he was the sole witness of its birth.

LOS ANGELES, Dec. 13.—W. W. Sanderson, the San Francisco county supervisor who has been seriously ill at a private sanitarium in this city for several weeks, was taken to Arizona today in the hope of benefiting his health. Sanderson was still a sick man when placed aboard the train. His temperature was 101, and he showed evidence of considerable weakness. His exact destination is not known. He was accompanied by his wife and his brother, Dr. Sanderson, of Stockton.

Sanderson denied, with reference to the San Francisco graft exposures, that he was trying to avoid giving testimony, or that he was concerned in any way about being drawn into the investigations. He protested his innocence of any knowledge of dishonesty among San Francisco public officials.

NON-SUIT ENTERED IN McIVOR CASE

On the motion of the defense in the $2500 damage suit of Daniel McIvor vs. the E. B. & A. L. Stone Company, a non-suit was granted by Judge Ogden this morning. McIvor claims that he received a broken arm, collar bone, and other injuries as the result of a fall through a trap door at the company's construction camp at Cordelia. There was not sufficient evidence, so the suit was dismissed.

Y. M. C. A. MEMBERS AT BANQUET.

And There Was Speechmaking, Together With Reading of Yearly Reports, All of Which Were Interesting to Those Present.

BERKELEY, Dec. 13.—A hundred or more guests and members of the Berkeley Young Men's Christian Association gathered around the banquet board Tuesday evening and listened to speechmaking and the reading of yearly reports. A musical program followed the many courses served up by the caterer. Judge Waste, the president of the association, acted in the capacity of toastmaster.

W. L. Seawright, physical culture director, presented a report of the work of his department. Mr. Seawright is planning to establish branch gymnasiums in West and South Berkeley in the course of the next few months. The report of the educational department showed an increase in membership of fifty-six per cent over last year. The report of the finance committee showed that the total amount of the membership dues for the past year was $3250.35. General Secretary F. A. Jackson read a report outlining the religious and social work of the Association.

In behalf of the nominating committee, W. F. Morrish placed in nomination the names of W. H. Waste and J. C. Ford to succeed themselves as directors. W. A. Mann was nominated to succeed Calvin Esterly, who resigns from the board on account of business affairs. J. C. Westonberg was nominated to fill the place of the late Thomas Hodge. The nominations were accepted and the nominees were unanimously elected to serve for a term of three years.

H. C. Parkinson, a charter member, presented a brief history of the Association. W. F. McClure read a memorial for the late Thomas Hodge.

Dr. Hutsinpillar delivered an address on the subject, "The Y. M. C. A. as an Auxiliary to the Church."

"The Business Man's Estimate of the Y. M. C. A." was the theme of a few remarks by G. W. Skilling. Other speakers were W. A. Horn, General Secretary of the Oakland Asosciation, Professor Boone of Boone's Academy and Friend W. Richardson.

MANY ROOFS BLOWN AWAY

Hay in Buildings in Livermore Damaged by Recent Storm.

LIVERMORE, Dec. 13.—The storm did a little damage in Livermore. The wind was very strong Monday morning and took sections off of the roofs of nearly every warehouse in town, allowing some damage to the hay stored therein. The warehousemen were compelled to get out the truck of the Livermore fire department and all day Monday and Tuesday worked keeping water out of buildings. The ladders were used in putting temporary roofs on the warehouses to save the hay, which is so important a part of the wealth of this valley. The wind also did damage to the lines of the Livermore Water and Power company and the city has been in darkness for two nights.

The rainfall was as follows: Monday, .55 inches; Tuesday, 3.15 inches; Wednesday, .77 inches, making a total of 4.45 inches for the storm, or 6.05 inches for the season against 1.80 for the same period last year.

The Aroyo Mocho began running through town Tuesday and by night reached Oak Knoll, something unheard of for this time of the year. This means that the rainfall in the mountains has been very heavy.

Bill Wright, who came in from the San Antone valley Tuesday over the Mines road, reports that there were only a few small slides on the road, which stood the rain well. A number of big trees were blown down across the driveway.

Indications for crops in this valley were never better, and if only a low average rain is maintained the yield here next year will be large.

YOUNG GIRL IS VIOLINIST OF NOTE

Miss Alice Davis, the fifteen-year-old daughter of H. L. Davis, of 918 Fallon street, and who came to Oakland this week, to reside here permanently, is a violinist of considerable note and ability. She plays most difficult classical selections and plays them extremely well. She exhibits a depth of feeling in the rendition of her selections which is remarkable in one so young. Miss Davis has taken lessons on the violin since she was a mere baby, and she certainly does credit to her musical education. The young woman will continue taking lessons from the most finished violinists, and without doubt, a great future awaits her.

The "Tribune" of Salt Lake City, Utah, where Miss Davis formerly resided, has the following to say about her playing: "Miss Alice Davis rendered on the violin the "Eligie," by Ernest. Miss Davis' playing was evidently greatly appreciated by the audience. Her exhibition was excellent, her playing so full of feeling as to keep the audience almost spellbound.

UNITARIAN CLUB CLOSES WITH JINKS

ALAMEDA, Dec. 13.—The tenth year of the Unitarian club was closed last night with a "jinks" at which only the members of the club were present. The club roll is now at the limit and there is a large waiting list.

ALAMEDA, Dec. 14.—Friday night the whist tournament for the benefit of the Lion Memorial home is to take place in the Council chamber of the city hall. Arrangements have been made to seat 300 and the prizes will be in abundance so that all will be satisfied. It is expected that the tournament will be the largest of the year.

Entrans was effected through a transom over one of the front windows. The door was then opened with the aid of a truck which the burglars had brought to the place. GOOD COOKING IS A BAR TO DIVORCE, SAYS CHEMIST

The Happiest Place This Side of Heaven Is the Home in Which Good Meals Are Served.

By DR. HENRY N. WILEY,

(Chemist for the United States Department of Agriculture.)

Divorce will decrease about 90 per cent. when women learn the art of cooking. When that happens, this will be the happiest place this side of Arcady or heaven—though I do not know the geographical location of the latter place, nor am I acquainted with the nutrients used there.

Of course, a man like myself who has never married cannot pretend to speak with authority on such subjects as divorce. But I do think that if more attention were paid to the cuisine in the ordinary menage—if more wives were capable of giving that department of the domestic machinery intelligent supervision—the divorce courts could pretty nearly go out of business.

Moreover, if wives all learned to cook, that dreaded bugaboo, the "servant problem," would evaporate.

I remember going to a farmers' institute—I used to go to a good many of them—and hearing a very nice paper on how to keep husbands at home. We all listened with deep attention.

When it was all over, an old lady sitting in one of the back seats arose and said: "I have been greatly edified and interested by what Mrs. Blank has said; but I fancy I have had more experience in this matter of keeping husbands at home than she has—more perhaps, than most of you here present—and I want to say that there is just one way, one infallible rule, beautiful in its simplicity, unfailing in its application, and that is—feed. the brutes!"

And that old lady was right. If a man comes home to three good meals a day, good food and plenty of it, well cooked and well served, with a reasonable deference to his individual tastes—do you think he's going to quarrel with his luck? Why, he'd be a fool!

WOMAN USES STOCKING AS A BANK; IS ROBBED

Too Embarrassed to Prevent Loss of $106 on a Crowded Street, So Let It Slip Away.

PHILADELPHIA, Pa., Dec 13.—Before starting downtown Miss Marian Carnack of 1007 Mount Vernon street placed away in her stocking all the money she had, $106, five twenties in a little roll and $6 in a small silk bag.

No bargains alluring her she started to walk home at the end of the afternoon and was coming up Thirteenth street, between Archer and Race, when something began to slip down.

The street was crowded with clerks and workingmen homeward bound for supper. There was no opportunity of a temporary repair job with pins or anything like that and there was not a friendly entryway convenient. The horrid slipping sensation continued and the girl was visibly embarrassed when something began to drag over her shoe. Thinking only of the necessity of getting home without anyone noticing her plight, she forgot all about the money.

When she reached her haven she discovered that the $106 had vanished. It had dropped somewhere on Thirteenth street between Archer and Race and her modesty caused its loss.

"I hope some honest person finds it" she said. "It's all I had in the world and it—it wasn't my fault, you see, that I lost it."

GIRL SEEKS TO DIE IN SIGHT OF SIX BIBLES

Sorrows of Humanity Cause Her to Turn on the Gas in Effort to Commit Suicide.

NEW YORK, Dec. 13.—Leaving behind a bundle of quotations dealing with "Love and Death," written on scraps of papers, and after carefully concealing everything which might reveal her identity, Miss Anna Tauchling, who for a year has been a mystery to her acquaintances, attempted to end her life yesterday by inhaling gas in a boarding house at 223 East Forty-fifth street. In her room were half a dozen Bibles.

So eager was the young woman to die that after an ambulance surgeon had succeeded in reviving her she tried to stab herself in the heart with a pair of scissors. She is in the Presbyterian hospital. Her condition became serious last evening, and it is feared that she will not recover.

To a nurse she said:

"I really don't know what prompted me to try self-destruction. It must have been because I didn't hear from ——" Here she stopped speaking and became unconscious.

On the bureau in Miss Tauchling's room was a package containing the quotations above referred to. One of them, entitled "Of Love" reads as follows

"The stage is more beholding to love than the life of a man; for as to the stage, love is ever a matter of comedies, and now and then of tragedies, but in life it doth much mischief, sometimes like a siren, sometimes like a fury."

Another quotation entitled "Of Death," found on the floor of her room, read:

"Men fear death as children fear to go in the dark, and as that natural fear in children is increased with tales, so is the other. Certainly, the contemplation of death, as the wages of sin, and passage to another world, is holy and religious, but the fear of it, as a tribute due unto nature, is weak."

DOG PICKS AS FRIENDS AUBURN-HAIRED GIRLS

He Ignores the Rest of the World to Wait on the Five That He Has Selected.

WELLSBORO, Pa., Dec. 13.—Perhaps the finest dog in Wellsboro is Rex, an Irish setter owned by William D Van Horn, president of the First National Bank. He is an animal of high pedigree and discriminating taste. He is excedingly particular about his friends, and, though of sunny disposition, is reserved in making acquaintances.

For other dogs he has no use, treating them disdainfully. To the average citizen he is courteous but indifferent, but women with auburn hair, resembling his own beautiful coat, he especially admires.

There are in town five young women with auburn hair and the remarkably clear complexion which frequently accompanies it. They are not intimate friends of the Van Horn family—merely acquaintances; but Rex has a "case" on each one of them, dividing his time among them impartially.

He lies on the lawns or verandas of their homes, and goes with them on their walks with his unconcealed admiration for their style of beauty shining from his great eyes.

TRAITS OF AN IDEAL HUSBAND

By NEWELL DWIGHT HILLIS,

Pastor of Plymouth Church of New York.

Text Esdras Grant that we may grow old together

It is a singular fact that no poet or dramatist or philosopher has written an enduring book on the qualities of the ideal husband. The libraries hold hundreds of volumes on the characteristics of women, and upon those qualities that turn a common girl into an ideal Imogen. Shakespeare has the ideal maiden, Rosalind; the ideal wife, Portia; the ideal daughter, Cordelia. Solomon has his poem on the ideal woman and the ideal home.

Whenever Shakespeare approaches man he does not think of him as being in the home, but as waving a sword, guiding a ship, pronouncing an oration or forging a tool. The philosophers tell us all about man's duties in the market place, in the forum, in the furrow and in the street, but nothing about man in the house. Battle words become the hero, but not home words, the poets seem to think! There is, indeed, one tender passage, perfumed with love, in Homer's Iliad—the one where Hector, the Trojan warrior, bows his head that the plume and feathers of his helmet may be low enough for the little child in Andromache's arms to reach.

SUPPORT AND PROTECTION

The house is the granary to be filled with bread, the store to which he brings his treasures of raiment, the hive to which must come all honeyed sweets. From the moment the woman crosses his threshold she loses her independence as a bread winner. Her first duties become the taking care of her husband's house. Once she has taken that step there is no retracing the path. Had the man not brought her to this place she could have worked out her own career—written her poem, completed her song, fashioned her garments, woven her textures of crimson and blue, and so become her own protector. But support to the house is as fundamental as gravity is to the earth.. And non-support is the crime of our day.

The second fundamental trait must be fidelity. The history of an American gentleman exhibits this quality in a most wonderful way. The story of that martyred President and his invalid wife is a page in the history of the home more beautiful than the story of Dante and Beatrice, Petrarch and Laura, Ulysses and Penelope. Important were the cabinet meetings! Conferences must be held with admirals and generals, for the nation was at war, state papers must be written and published, but the first duty in the morning, the central duty of the day, the last duty at night, must be the woman to whom the first pledges were made.

THE VALUE OF COMPANIONSHIP

Another fundamental trait is companionship. In the very nature of the case, where little children are the mother must be. The first ten years of life in the house mean the mother's disappearance from the world in which she has been hitherto a center of beauty and delight. The cradle becomes a throne, where the babe rules as a monarch. Meanwhile, the young wife and mother is all but buried, and seems not unlike a hermit in a cell. The day begins early and the work continues late. It is the man who is abroad, among men and events.

He must travel for her, observe for her, remember for her. The bird of paradise will search the forest through for a bright leaf, a gay feather, a bit of floating silk and bring all these treasures for the decoration of the nest. Indeed, that nest is oft made beautiful by down and feathers pulled from his own breast. It was this that made Hawthorne's home-coming, after a day at his desk in Liverpool, seem like the return of an angel of God for the sick woman who was waiting for him. It was this that lent pathos and beauty to William Wordsworth's cottage at Grasmere. In the old Hebrew story, after the guests have gone, and the little house, newly furnished, is still in the darkness, the youth and maiden kneel down and the man utters that prayer that the world can never forget, "Grant that we may grow old together."

EASY DIVORCE EVIL AND MISTAKES OF MARRIAGE

Everything in Life Depends Upon the Family and the Relations Must Be Kept Sacred.

By MARGARET E. SANGSTER.

The divorce laws of this country are dissimilar in many important particulars in different localities. In some of the states divorce is easily obtained on the ground of incompatibility or on almost any pretext that enables a dissatisfied husband and wife to sever the bond that has hitherto united them.

Infidelity, intemperance and desertion are three of the most cogent reasons presented in the divorce courts and in a majority of the states; if the complaint is proven on any of these grounds, the decree of separation, either limited or absolute, is granted without much demur. In one or two of the older and more conservative states, notably in the south and on the Atlantic seaboard below the Mason and Dixon line, unfaithfulness to marital vows is the only cause commonly offered by uncomfortably mated people with any hope of gaining their end. Non-support of a wife by a husband is a ground for divorce accepted by the courts in a large number of states, and with much reason.

Yet when all is said there remains this stigma that divorce rests on too flimsy a basis, that there is no uniformity in our laws in this department so that people are divorced and remarried with undue haste, while it is quite possible that a man and woman who live in lawful wedlock in one state may be regarded as unmarried in another, and if they live together do so under the ban of open immorality.

To assert that people never make mistakes in the closest of human relations and that divorce should never be granted except on the ground of infidelity, is to affirm an opinion that in some cases would inflict useless and intolerable suffering, and do no good to any of the parties concerned. But to permit divorce to be easy, to let the state consent to a change of partners in marriage as children change places in the old game of stage coach, and to remove wholly from divorced persons a reproach when they remarry as they often do, in precipitation and by evident prearrangement is to strike a blow at the foundation stone of society, the family.

Everything stable in civilized life depends on the integrity of the family. The family is the greatest of human institutions It preceded the state and the church When the family is no longer regarded as sacred, when its responsibilities are trampled upon and husband and wife in mad selfishness forget the claims upon them of their offspring, there is the greatest danger that the nation will follow the fate of effete and corrupt nations in the past.

GIRL GOES IN BLAZING BARN TO SAVE A DOG

Driven Back Several Times by the Flames She Finally Manages to Save Her Pet.

NEW YORK, Dec. 12.—During a fire which destroyed a barn on the property of William Weber, at No. 936 Tremont avenue, the Bronx, last night, Annie Weber, the sixteen-year-old daughter, ran into the barn and rescued a blind St. Bernard dog which had been with the family fourteen years.

The fire was burning fiercely, and the girl was driven back several times by the smoke. Finally she got in through a rear door and reached the dog, which was chained. Tugging away for some minutes, almost blinded by the smoke, she finally succeeded in releasing the animal and led him to the air.

The barn was quickly consumed, and when the firemen arrived their efforts were confined to saving the house, which they succeeded in doing.

WOMAN GOES TO PRISON TO SAVE HER DAUGHTER

She Serves Nineteen Years for a Crime Which She Did Not Commit, Says Governor.

MONTGOMERY, Ala., Dec. 12—That the spirit of self sacrifice has not entirely disappeared is evidenced in the story of an old negro woman, Louisa Stewart, just pardoned by the governor. Nineteen years she has served on a life sentence for a crime she did not commit, but of which she pleaded guilty to save her young daughter. The daughter killed her own child, and the mother, to save her, confessed to the crime, though it now develops that she had no part in it. She is 72 years old and is being tenderly cared for by white people who have known her since slavery days in Hale county.

WOMAN'S PLEASURES OF TODAY ONCE UNLAWFUL

The Roman Empire Found It Necessary to Pass Law Prohibiting Extravagant Dress or Color.

The women of today may not fully realize that the pleasures they derive from their frills and furbelows were denied their sisters of the early Roman days. The dress of the Roman woman in those days would be a terrible grievance to the women of the twentieth century. The Roman dress was a plain tunic of linen or woolen stuff made high in the neck and low on the ankles, with a simple toga draped on the sholder. For stockings the women were bands around the legs and sandals or lace shoes. Sometimes, however, these shoes pinched and the heels were worn very high.

When the Roman empire grew more wealthy the women wre prone to be extravagant in their attire, and the Senate found it necessary to pass a law prohibiting any woman to wear more than half an ounce of gold, or garments of more than one color, or to travel farther than a mile, except to celebrate sacred festivals. The women suffered this law for eighteen years, and then, becoming discontented, set about to having it repealed. Through the cause of Valerius, the Tribune, their cause was finally won.

Then, too, the women of today have privileges which their Roman sisters would never have dared dream of As an instance, while the men walked about the streets in the sunshine, the women remained shut in their own apartments, their liege lords having forbidden their leaving the house.

Another instance, if ever a woman was caught drinking wine, she could be divorced, and in some cases put to death by her husband. Suspicious relatives on entering a house would sometimes kiss the matron to discover if she had tasted wine, and woe to the woman found guilty.

But the women of those days were perhaps far happier than the women of today. Who knows? Her freedom today gives her more cares and responsibilities, and her frills and furbelows cause more trouble, and in many cases more suffering.

DANGER FROM CHRISTMAS DISPLAYS AND DECORATIONS.

TO THE PUBLIC.—Your attention is hereby respectfully called to the fact that the introduction about premises of Christmas greens, harvest specimens and other inflammable materials, such as cotton to represent snow, and the like, introduces an additional hazard not contemplated by the underwriters in issuing policies of indemnity covering the usual fire hazard, and in this connection we refer you to one of the conditions of the standard form of fire insurance policy, wherein it is stipulated that

"This entire policy, unless otherwise provided by agreement endorsed hereon or added hereto, shall be void, etc., if the hazard be increased by any means within the control or knowledge of the insured."

In addition to the danger to property from displays referred to, the danger to life in crowded stores or places of meeting by reason of a panic occasioned by a fire, even though it be small and easily controlled, is so great that the underwriters who have made a study of such hazards would only be partly fulfilling their duty should they fail to give warning.

Electric displays where motors are used and where electric currents are shunted or broken on different circuits for advertising purposes will not be approved unless the device for motive power and for the shunting and breaking of currents on different circuits are installed in accordance with requirements of "National Electrical Code."

TAD REARDON.

TAD REARDON TO MIX WITH BURLY NEW YORK BRUISER

At Dreamland pavilion Friday night the Manhattan club will pull off half a dozen bouts between some of the shiftiest mitt swingers in this neck of the woods. Several new faces will be sprung on the public, two hailing from the country east of the Rockies. The star scrap on the bill of fare will be dished up by Tad Reardon, the champion of the light heavyweights, and C. Mayer, a burly bruiser from New York. The latter was sent from the Empire State last spring to represent the land of Gotham in the tournament, but his ring ethics were not of the same type as taught in this country, hence Referee Eddie Graney's disqualification for roughhouse tactics. However, as Friday's bout will permit fighting at all times, there will be no danger of any kick on this score. In fact, Tad shines at the straight rules about as well as the visiting pugilist, and no gamer or more aggressive big fellow ever donned a glove than the ex-Olympian, and unless Mr. Mayer is extraordinarily strong the tow-headed lad is very apt to give him a touch of high life that will take a little of the vim out of him in the clinches.

Welterweights will provide the special go. Kyle Whitney, the dark skinned chap who so decisively whipped Sailor Frank Cordan last month, will hook up with Jack Greggains, a cousin to the famous Alec. These huskies should make things hum while they are in the limelight.

Loren Brown, who was handed a right-hand jolt that was labeled "good night" by Johnny Murphy, will vouch that the kid can hit, but still a chap who has been winning quite easily in the past thinks he has every bit as stiff a kick as Murphy and will take him on Friday. J. Doyle is this scrapper's name, and as he can go some himself the tough Irish mixer may get the same dose he forced Brown to swallow.

Jim Ford will try conclusions with Andy West. Alec McDonald mixes with Tommy McCarthy, and the ring warmer will introduce F. Knight and C. Hagen.

ASCOT'S FATE IN JUDGE'S HANDS

LOS ANGELES, Dec. 13.—The fate of Ascot Park as a racing course is believed to depend upon a decision to be made Friday in the Superior court by Judge William P. James. Should he rule adversely, the winter race meeting will probably come to an abrupt close for all time.

The point at issue is the validity of the election of November 13 annexing the twenty mile shoestring strip to the city. The park owners are attacking the validity of this unusual election in order to maintain the racing and bookmaking which the city government has threatened to suppress the moment it finds to a certainty that Ascot is within the municipal boundaries. Ascot lies in the shoestring strip.

The suit is brought in the name of George W. Thorpe, one of the park owners, and is directed against Secretary of State Curry, an injunction being sought to permanently prohibit his filing the certificate of election.

The fatal point in the election, it is claimed, lies in the length of time that elapsed between the day the petition praying for it was filed and the date on which the votes were cast that carried the annexation.

NEWS FROM LOCAL LODGES

Illinois Society Holds Enjoyable Meeting in Honor of Fourth Anniversary.

The fourth anniversary of the organization of the Illinois Society of Oakland was the occasion of a most pleasant gathering last Monday evening of the members and friends of that body. The society met in a short business session in the mezzanine floor of the Alpha dining room. The election of officers for the ensuing year was held, resulting as follows: President, Craigie Sharp; vice-president R. W. Sweet; secretary, Mrs. Floyd Cole; assistant secretary, L. C. Schloesser; treasurer, Mrs. J. F. Pitie, arrangements were made for the purchase of badges for the society, which, it is hoped, will arrive in time for the January meeting. Hereafter, the society will hold its regular meetings on the fourth Tuesday of each month in Hall No. 21 (the former meeting place) Foresters' building, corner of Thirteenth and Clay street, the next meeting being on Tuesday evening, January 22, 1907.

Upon the conclusion of the business meeting the society adjourned to the main floor of the dining-room, where a sumptuous repast was enjoyed. The evening's entertainment was brought to a close with the following musical program, interspersed with toasts and remarks from both the retiring and the newly elected officers: Violin solo, V. D. McCarthy, Athens Quartet, "In the Gloaming;" piano solo, Mrs. Hite; piano solo, Miss McCarthy.

The retiring president, A. E. Hall, in welcoming the president-elect, thanked the society for its support in the past and urged each one to be as loyal in the future. Mr. Sharp responded with some very encouraging remarks concerning the outlook for the new year. He spoke especially of the need of such sturdy characters as those of the pioneers of Illinois out here in California, particularly at the present time.

The newly elected vice-president, R. W. Sweet expressed his pleasure at such a gathering and made a motion that a vote of thanks be extended to the retiring officers. He spoke of the influence such a society could exert if each would do his duty and help make it the largest organization of its kind in the state.

FRATERNAL BROTHERHOOD.

Oakland Lodge 123, the Fraternal Brotherhood, held its regular meeting last Friday evening at Pythian Castle, Twelfth and Alice streets, President King presiding.

The meeting was largely attended despite the inclement weather. The election of officers was held and the following were elected for the ensuing term: President, F. B. Eakin, vice-president, Mrs. W. TRIBE OF BEN HUR.

Oakland Court No. 6, Tribe of Ben Hur, held a very enthusiastic feeting last Monday evening at Foresters' Hall despite the inclemency of the weather. Nine applications for membership were received which means that things are not at a standstill. The members even promise that they will keep the degree team busy for some time to come so it can truthfully be said that the prospects were never better for a healthy growth of the court.

A special initiation of candidates will be held next Monday evening, also nomination of officers for the ensuing term.

BEN HUR COURT NO. 12.

The regular session of Live Oak Lodge, No. 17 K. of P., held last Wednesday evening was a very busy, interesting and enjoyable one.

Strangers Otto Kuker, R. L. Holland, Christopher Leroy and Frederick Hopson were duly initiated in the mysteries of the rank of page and on next Wednesday evening will be proven in the rank of Esquire.

Many more applications are in sight and the incoming officers promise a busy term throughout.

The new castle is now complete as far as comfort is concerned.

Many interesting entertainments are planned for the near future and without doubt this winter will mark one of the most enjoyable and profitable sessions in the experience of Pythanism in this city.

Notwithstanding the downpour of rain last Friday the annual bazaar held by Golden Gate Lodge No. 78 was well patronized and a great deal of interest was shown in the raffles. The handsome silk log cabin quilt was won by ticket No. 1555 and the fortunate holder was Mrs. Gunther of Lorin. Mrs. Bendell won a sofa cushion on ticket No. 50 and F. Wilbur won the other cushion on ticket No. 212. Next Friday evening the officers for the ensuing year will be installed by the Worthy D. D., Sister Annie Rogers.

KNIGHTS OF MACCABEES.

The last review of Argonaut Tent, No. 33, K. O. T. M., was well attended. The commander, F. F. Gray, dispatched the business in short order. Three applications were received and acted upon.

The sad news was received of the death of Dr. A. M. Greisser, 373 Sixth street, who has been a member of the Argonaut Tent for the past five years.

The social committee is sparing no pains or expense in making the family Christmas tree entertainment a grand affair, which is to be held on Friday, December 21, at Woodmen hall.

Last Friday night was the first night that a meeting of Uncas Tribe No. 137, I. O. R. M., was held in the new hall. Although it was a very stormy night, and a great number of the members out of town there was a good representation of the membership of this tribe.

The tribe is now located in a much larger hall, better adapted to the degree team work. A program is being prepared for a house-warming to be held on the twenty-first of this month.

Last meeting night being election of officers, there was rather a lively time as there were several nominees for each office and each man showed his ability as a ward boss and politician.

It is hinted that they have a great surprise in store for those who attend. Cars leave Fourteenth and Broadway at 7:15 p. m.

"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My oldest son was almost choked. The doctors could not relieve him. He used two bottles of Shiloh and was completely cured. It has no equal."

JAPANESE BOY TO TEST LAW

Ten Years Old, He Represents Mikado in the School Controversy.

SAN FRANCISCO, December 13.—The complaining witness in the test suit which the United States will bring in the Supreme Court on behalf of the Emperor of Japan, to determine the controversy over the segregation of Japanese children in the schools of San Francisco has been selected by Consul Uyeno. The youth who is destined to figure in this historical case is a lad of ten years, named Keikichi Aoki, the son of Mitchisuga Aoki, a bookseller of 2201 Pine street. He has been attending the Redding primary school as a member of the fourth grade, but his father refused to allow him to go to the newly established Oriental school, when the segregation order of the Board of Education was issued October 12. The boy is said to have been a bright scholar by his teachers and his deportment in school has been excellent.

OLD SCANDAL IS REVIVED

Britt and Lanagan Renew the Controversy of Missing $500.

SAN FRANCISCO, Dec. 13.—The old story of the scandal connected with the Ralston antiprize fight bill was revived Monday night when Willis Britt and Ned Lanagan entered into their little controversy regarding that mysterious $500 that had passed. Britt demanded an explanation of Lanagan and the gambling man muttered something. Then Britt was led away from the scene, since which both have kept their own counsel.

But there was a story going the rounds last night that the grand jury was about to take up the matter. It was whispered that certain interested parties had heard enough of the conversation to satisfy them that the few words which passed between Britt and Lanagan might have a serious bearing upon the anti-prize fight measure, and so the matter is liable to be brought before the attention of the authorities before long.

NO NEEDLE TO SAVE EYE

Want of a Magnetic Instrument Proved Serious to Mr. Willis.

VALLSJO, Dec. 13.—Chester Willis, son of Frank Willis, a well-known resident of Vallejo, wos forced to have his left eye removed recently. Young Willis is employed at the Mare Island navy yard, and on April 18 suffered from a small piece of steel entering his eye. He went to San Francisco for treatment, but the oculist could not secure the magnetic needle used to draw steel from the eyes, and after three days' fruitless search over Oakland and San Francisco while the excitement of the San Francisco fire was at its height was unable to find the necessary apparatus, there being only two such instruments in this part of the country.

WILL VOTE ON AMENDMENTS.

NEW YORK, Dec. 13.—At the annual meeting of the Jockey club to be held on Thursday, January 10, one of the most important matters to be acted on is the amendment proposed by John H. Bradford, of the Coney Island Jockey club, which says that "no horse shall be disqualified on account of an error, or violation of rule in the entries, which might have been corrected upon payment of a fine, but the stewards may inflict fines upon, or otherwise deal with, any person responsible for such errors. This is an echo from the memorable Go Between case, and if this rule had then been in force, the celebrated case could have been dismissed with hardly more than passing notice.

Another important amendment to be voted upon will be that of Thomas Hitchcock Jr., who proposes that "reckless and dangerous horsemanship or lack of consideration for the safety of others may be punished by fine or suspension without disqualification of the horse." This rule, if in force, would have prevented the disqualification of Pretension from second place in a race at Bennings, and the punishment of the jockey, Schilling, for his foul tactics, would have been satisfactory to the public, without injuring them.

HE WAS IRISH.

Jokesmiths are having lots of fun at the expense of the "bobbies" since they donned their new French caps. A patrolman, a corpulent man and short withal, stood at Park Row and West Broadway the other morning, attracting considerable attention. Only the generous proportions of a helmet could have topped off with any effect other than the ridiculous that head, which in rotundity and size resembled a hair-covered association football. Pedestrians gazed at the obese guardian of the peace in undisguised wonder, but forbore to criticize for obvious reasons. Finally, however, a friend came along. "Ho, Mike," he cried, "and phat the divil hov ye got on yer hid?" Mike scowled. "'Tis a butther cake," he replied.

Oakland, August 11, 1905.
Wishart's Drug Store, Oakland, Cal.—Gentlemen:
Much gratified by the beneficial results and great relief obtained, I congratulate myself for having acted upon your suggestion to give Fruitola and Traxo a trial for a most stubborn case of indigestion. I realized more speedy and permanent benefit from their use than from all other medicines I have ever taken, which, in the past few years, have been numerous. I most earnestly and conscientiously recommend their use to all sufferers from dyspepsia and indigestion. Yours truly,

First—He is a well-trained physician and surgeon with qualifications recognized by the highest medical authority and truly the only regular graduate specialist for women advertising.

Second—With his painless and harmless methods known to no physician but himself he gives you relief—at once—without drugs, needless operations or detention from your occupation.

Third—His broad experience, his 19 years of success—without one single failure—with the most obstinate, obscure and complicated cases, where all others failed, makes him the—safest—and—surest—man to consult when you need help.

Why suffer disappointment, pain, anxiety and endanger your life and health by employing quacks and self-styled specialists when you may have advice from a man eminent in the profession absolutely free of charge?

His fees are moderate and you safely intrust yourself in his care and be assured of prompt and happy results.

Consultations sacredly confidential and a strictly private sanitarium when required.

NEWS OF BIG MINE MERGER CONFIRMED; GOLDFIELD OF NEVADA IS CONSOLIDATED

WORK ON BOSTON TONOPAH IS RESUMED

News that Nixon and Wingfield have arranged to take the Goldfield Mining Company of Nevada into the Goldfield Consolidated Mines Company is fully confirmed. The conditions offered to the stockholders of the Goldfield Mining Company for the surrender of their stock have been given out.

The stock will be received on or before December 25 on the basis of one share of the Goldfield Consolidated Mines Company of the par value of $10 a share, for five shares of the Goldfield Mining Company. This offer is exclusive of a stock dividend of the Red Hill and Cracker Jack mining companies, which will be distributed next Saturday.

The directors of the Consolidated are George Wingfield, G. S. Nixon, J. M. Tenwich, J. Cook, C. S. Thomas, J. H. Finn, H. B. Johns and L. Davis.

Vice-president Parker of the Florence mine denies that it will be merged into the Goldfield Consolidated Mining Company, although a rumor that such fusion would be effected has been in circulation some days and has been generally credited. Parker says that the matter of merging the Florence in the great combination was discussed a month ago. Neither party in the matter was committed to any agreement Accordingly, so Parker says, the Florence will continue to be operated independently.

J. H. Carstairs of Philadelphia has bought the Mountain View group of six claims, situated south of the Portland mine in the Goldfield district and adjoining the Meda Mining Company's properties.

Nixon, Wingfield, J. H. Henessey and James F. McCambridge have resumed work at the Boston Tonopah mine, which has been closed about a year. The shaft has been sunk about 500 feet and a crosscut has been run 200 feet, which will be extended 600 feet.

SHAW'S EFFORTS VAIN SAYS HENRY CLEWS

NEW YORK, Dec. 8, 1906.

Secretary Shaw's efforts to relieve the financial situation were disappointing and had practically no effect upon either stocks or money. The latter continues to command almost exorbitant rates on the Stock Exchange, and there is little prospect of substantial relief until the middle of January. Secretary Shaw has agreed to release $12,000,000 on December 15th in anticipation of interest payments, but this is a mere scattered trifle and it is expected that he will make further efforts at relief. Since the Treasury is steadily accumulating funds, owing to heavy receipts, the Secretary is justified in counteracting—by all legitimate means—the injurious operations of our present Treasury system. The facts, however, are that in spite of the enormous increase in the supply of money bank reserves are exceedingly low, and in addition to treasury absorptions the interior is again making heavy demands upon the New York banks. It is true some of the interior banks are lending more freely in New York, but the one movement seems to be offset by the other; and unless there is a sharp contraction in loans this week's bank statement must show a deficit in surplus reserves. There has been some talk of renewed American purchases of gold in the London market. Such reports, however are premature, and gold shipments will surely meet with renewed resistance on the part of the Bank of England, notwithstanding its recently strengthened position. The scramble for gold is not confined to New York, but exists in all the principal money markets of the world; so New York will only be able to draw fresh supplies at the expense of unusual pressure or injurious rates of interest. Both the Bank of France and the Bank of England lost gold this week.

The monetary situation is further complicated by prospective new security issues of our railroad corporations, which have been previously intimated in these advices. This week Atchison authorized $25,000,000 additional securities, and Norfolk and Western $14,500,000. Other companies, such as St. Paul, New York Central, Great Northern and Northern Pacific, will also come into the market for large amounts of new capital at the first opportunity. Their requirements are imperative; being needed for improvements and new equipment to accommodate existing traffic more than for the development of new territory. These new demands coming at a time when the money market is already over-strained portend continued tension. How long the struggle between high-priced stocks and high-priced money will continue remains to be seen. To restore equilibrium one or the other must decline. Much depends upon the strength of holders of stocks. As is well known securities are at present strongly concentrated in a few hands at very high prices. There are two inevitable ways of breaking the present deadlock; either stock market values must recede and permit reasonable liquidation, or borrowing rates for money will soon reach a prohibitive and injurious level. Just when or where the breaking point will come, and how the situation will be readjusted, are the problems which only time can solve. Very shortly preparations for heavy January disbursements will be in order, and these will cause temporary disturbance. Our money market continues to be the key to the Stock Exchange situation; and present abnormal interest rates should be accepted as cautionary signals of the plainest character, that we are hovering over a situation that will invite trouble unless our financial leaders show more wisdom than at present displayed. Delay will simply intensify the liquidation that should now be permitted in order to facilitate a gradual readjustment of values.

The president's message caused no disturbance in financial circles; in fact, it was received with universal favor, and not deemed "too radical." So much for a change in public opinion which should not be overlooked. Congress is now at work, but no important legislation is anticipated during this session. Even currency reform has almost dropped out of sight for the moment, although conditions were never more favorable for discussion and action. Among the important events of the week was the disposal by the Pennsylvania of its holdings in Chesapeake & Ohio, which, coming so soon after its similar action in Norfolk & Western and Baltimore & Ohio, excited much comment. Whether this policy is for the purpose of raising funds to complete new improvements, or whether it is in deference to public opinion, is not divulged. One thing is certain, that many of our industrial leaders are recognizing the force of an aroused public opinion and are adapting their business methods in stricter conformity therewith; showing more respect for the anti-trust agitation which has become a dangerous tool in the hands of skillful politicians. The decision of the Interstate Commission to investigate the Harriman lines and the anti-railroad agitation in various State legislatures are signs of the times. The advance in the New York Central dividend from five to six per cent was not favorably commented upon, inasmuch as it is supposed it was done for the purpose of facilitating another stock issue, which is shortly to be expected. The stock failed to respond to the increase in dividends and is, in fact, selling much lower than when on a five per cent basis.

The general outlook remains unchanged. Business is active in all parts of the country and speculation is fortunately restrained by the unusual rates for money. A check to the mining speculation was one of the favorable features. Prices of commodities are high and seem likely to so remain, in view of rapidly increasing costs of production. There are, however, no signs of any cessation in the demands for merchandise, and supplies generally are light. Our iron and steel trade continues to surprise even the most optimistic by its activity and strength. When the limit of activity and advancing prices will be reached, no one can determine. A good many shrewd and experienced observers are of the opinion that we are on the verge of recession. Some, however, are confident of another year's good business, and point with satisfaction to the unfulfilled prophecies of reaction which have been current for a year or two. In my own opinion, if securities and money could only be restored to a more normal basis, allowing for the fact we are now on a higher level than five years ago, we could feel practically assured of another twelve months of good business—provided no crop disaster intervened. So long as the money situation, however, remains as it now is, the cautionary signals must be kept prominently in view. This is not a good time to run into debt.

BRIGHT OUTLOOK AT SANDSTORM CLAIM

The company shaft in the Sandstorm claim, upon which the first strike in Goldfield district was made, is now down 290 feet, and is passing into a strongly mineralized formation. A strike of considerable importance was rumored this week, but the report lacked confirmation.

The change in formation leads the company to think that important developments may occur at any time. The Sandstorm is being thoroughly exploited, and workings ramify every part of the ground.

The region around the Sandstorm is being more thoroughly prospected than ever before. Several companies have begun work to the west, north and east of the ridge within the past few weeks.

There is little or no wash in that portion of the district, and strong formations are easily traceable. There is every reason to believe that this part of the camp will become very active the coming season.—Goldfield News.

OPENING STOCKS.

NEW YORK, Dec. 13.—Stocks were offered freely at the opening and declines were general throughout the list. Anaconda and United States Reduction fell 1¼, Northern Pacific 1⅛, Canadian Pacific a point and Reading, Union Pacific, Mexican Central and Smelting large fractions.

The market settled to a lower basis under the influence of the pressure of the Hill stocks. Aside from the drop of a point in Union Pacific, the General Western group was not much affected by the selling Great Northern preferred dropped 5½, Northern Pacific and Great Northern ore certificates 2 and Northwestern and Republic Steel 1.

Prices of active stocks recovered to some extent, in sympathy with St. Paul, which was 1¾ over last night. Some other stocks continued to decline. General Electric and National Biscuit fell 1¼. There was a general reaction at noon, in which Great Northern receded to 6 points below last night and Northern Pacific 3.

Bonds were heavy.

WHEAT MARKET IN WINDY CITY

CHICAGO, Dec. 13.—The wheat market today was barely steady with only light volume of business. Commission houses were fairly deluged with orders. There was little in the day's news to encourage either buying or selling. Liverpool cables showed only a partial response to the decline here yesterday and receipts in the Northwest were a trifle less than for the corresponding day a year ago.

May opened unchanged to a shade higher at 78½c to 78½@78⅝c and sold off to 78⅜c. Minneapolis, Duluth and Chicago reported receipts of 448 cars.

The feature of trading in the corn market was selling of May option by a prominent elevator concern. Offerings, however, were readily taken by commission houses, and pit traders, which held the market steady. May opened a shade lower to a shade higher at 43⅝c to 43¾c and held within that range.

Oats were steady on buying by pit traders. Cash houses were moderate sellers for May delivery. May opened unchanged to ⅛c lower at 35¾@35⅞c and sold at 35⅞@36c.

Provisions were firm on good demand by commission houses and local packers. The buying was chiefly the result of smaller receipts of live hogs. January pork was up 7½c. Lard was up 5c and ribs were 7½c higher.

DESCRIBES MINES OF CENTRAL NEVADA

F. B. Mulgrew, who has spent the past year in Nevada, has returned to San Francisco. He says that he left Goldfield for the Toyabe range in July, when the Clear Creek mining district was organized. It is about fifty miles south of Austin. Mulgrew continued:

In past years the Toyabe range was the scene of much mining activity, the Manhattan, Yankee Blade and other Austin mines having produced about $40,000,000.

At Ophir Canyon, on the eastern slope of the Toyabe, in the Clear Creek district, a ten-stamp mill produced $6,000,000. A syndicate of Colorado men has acquired a group of twenty-eight claims at Ophir Canyon and will build a large mill and install electric power.

In the Clear Creek district there is a porphyry belt fully one mile wide and traced for twelve or fifteen miles, northerly and southerly. It carries three large parallel ledges and many lateral ledges. On the Rowdy group assays of $200 per ton gold have been developed near the surface, on a big ledge, and on a score or more of claims pannings of free gold are obtained.

All the gold-bearing ore is free milling, and good values in silver, galena, copper and quicksilver are also found in the district. The new district is near the headwaters of Ruse river, and a half-dozen large tributaries of that stream flow down the western slope of the Toyabe, providing all the water and electric power needed to operate hundreds of stamps. Wood is plentiful on the mountain sides and in the canyons. Several townsites have been located. Gooding's ranch is the headquarters for prospectors.

At Golden, Atwood, Goldike, East Gate and other new districts contiguous to Clear Creek big strikes have been made.

CYCLONE HITS WEST END

Alameda People Are Injured During Great Wind Storm.

ALAMEDA, Dec. 13.—A terrific wind storm, resembling in its velocity a cyclone, struck the west end of this city yesterday afternoon, shortly after four o'clock, tore roofs from houses, and in two instances caused injuries to persons in its path. Mrs. John Bird and her father were in their home at 1623 Webster street when the storm struck the house with its greatest force. The cupalo of the building was carried away, every window on the north side shattered and a portion of the roof torn off.

Mrs. Bird was thrown heavily against the stove in the kitchen of her home, and her father, when the windows were shattered, was cut by flying glass. Miss Eva Donahue, a niece of Mrs. Bird, was in the room at the time, and was thrown to the floor by the force of the cyclone, but escaped injury.

The storm swept past the fire house on the east side of Webster street, without damaging it, and to the vegetable garden in the vicinity. The roof at the Bruzzone home at the corner of Pacific avenue and Eighth street, was carried away in the clutches of the gale.

The cyclone, as it was termed by the residents in the west end, came from the northwest. It struck the barn of Lubben Brothers, and a wagon loaded with hay which was standing outside was relieved of its load in a moment. The bales of hay were scattered about the street, by the fierce wind. A garbage wagon that was standing near the barn, no horses being attached, was carried along the street for over a hundred feet. The wind was so strong that children on the street, returning from school to their homes, were compelled to hold on to poles, or any upright to maintain their balance.

EDDY GRANEY MAY LOSE HIS LICENSE

SAN FRANCISCO, Dec. 13.—Eddy Graney, the fight promoter and proprietor of the Tuxedo saloon on Fillmore street, is in danger of losing his license. Charges have been preferred against him before the Police Commisisoners, on acount of the death of an unknown man in his place. Graney failed to assist the police in locating a man named Brooks, who is charged with having struck the unknown man, knocking him down.

CLAIMS FRAUD IN ELECTION

C. W. Heyer Files a Protest Against His Defeat by W. B. Bridge.

Charles W. Heyer has started a warm fight for the office of Supervisor of the second district against W. B. Bridge, who was declared by the canvass of the Board of Supervisors to be the successful candidate of the November election. The complaint that was filed yesterday alleges that all manner of fraud was used to withhold the Democratic, Union Labor and Independence League nominee from the position of Supervisor of the Second Supervisorial district. Heyer claims a majority of at least 557 votes and wishes to take it before a special session of the Superior Court which he is desirous of having called to hear the case.

In the complaint, the defeated candidate says that on every hand he was cheated, both on the ballots and in the ten precincts where voting machines were in use.

The canvass of the Board of Supervisors, which was made November 19, gave W. B. Bridges, the Republican candidate, 2261 votes, Charles W. Heyer, the Democratic, Union Labor and Independence League candidate, 2218, Franklin Rhoda, Independent, 610 and F. M. Lorenz, Socialist, 305 votes.

This is the count that the contestant says is illegal, and that he is the man who received the highest number of votes.

REFUSED BALLOT.

In all of the 28 precincts he alleges mal-conduct, and that all the duly qualified voters were not allowed to cast their ballots who would have voted for Heyer. He asserts that the number of votes that he was thus retained from amounted to about 100.

On the ballots that no Supervisor was voted for, he claims that the election tellers substituted the name of Bridges, and that his name was not tallied. By this misscount, he claims to have been injured to the extent of 100 votes.

Illegal ballots that bore distinguishing and identification marks, were not thrown out, but he says were given to Bridges' credit. By each of the various ways of withholding the votes that would have elected him, he claims that he was defrauded out of 100 votes.

MAJORITY OF 557.

Heyer's figure that is submitted in the complaint gives the total number of votes cast for him as 2418, which is 557 more than any of the other candidates.

To test the election returns, he wants a special session of the Superior Court to be called and have a count made of the returns that he says are holding him from the office that he is rightfully elected to hold. He asks the court to recover the position from his opponent and award the Supervisorship of the second district to him. The complaint also asks that Bridges be made to pay all the costs of the suit.

Heyer has retained the law firm of Fitzgerald & Abbott and Attorney J. E. McElroy to look after his end of the suit.

As it was crossing the car tracks on the Webster street road at 8 o'clock this morning, a wagon driven by William F. Schulte, an Alameda plumber, residing at 1612 Chapin street in the Isle City, was struck by a car and demolished. Schulte and his horse were uninjured.

The fog was very heavy at the time of the collision and Motorman Nelson did not see the wagon until close upon it. He put on the reverse, but the slippery rails made a short stop impossible.

INTEREST INCREASES IN GREAT TRIBUNE CONTEST

E. K. Healy, Popular Letter-Carrier, After a Residence Lot.

New Strivers for Rich Prizes Appear and the Present Leaders Must Look to Their Laurels.

That the interest is increasing in the great TRIBUNE Popularity Contest is evidenced by the new candidates entering the list to have a try for first honors. Some have thought the chances may not be as good for these late entries, but a glance at the standing shows that anyone by about one day's hard effort may head the list. Contestants will be entering for a month yet, but it will be just as well for those who are debating this question to start now, before the voting has reached too high numbers.

As we have received several inquiries as to how a person may enter the contest, it is stated that all that is necessary is to slip one of the coupons from THE TRIBUNE, write your full name and address upon and send or bring it to THE TRIBUNE office. Thus one vote will be registered for you, but do not stop at this.

GET FRIENDS BUSY.

Have all your friends save their coupons for you and pay their subscription in advance to obtain the extra votes. If your friends do not now take THE TRIBUNE, you will be doing them a favor by calling their attention to the fact that THE TRIBUNE is the best evening paper published on the coast.

If you desire to win you must show this desire to your friends and acquaintances. If you have a brother or other relatives, so much the better. Get them to secure votes for you too. If you make an effort to obtain a subscription from every one you know, and ask those who do so to in turn ask their friends, there is little doubt but what your name will be at the top the final day of the contest, February 28, 1907.

NO CHANCE FOR ERROR.

Mistakes are liable to happen in counting the votes once in awhile, but by our system of checking over the votes the errors are brought to light. 'Twas by mistake that J. D. Scott, a letter carrier in the Oakland district, was not included in yesterday's issue. Mr. Scott has a host of friends, not only along his route, but throughout the bay cities. They say it's immaterial whether his name was left out one day or not, but that they intend to see it at the top when the $750 residence lot is awarded.

MANNER OF VOTING.

A coupon good for one vote will be published in each issue of the TRIBUNE until the end of the contest. This coupon, if clipped and sent to the Contest Manager of THE TRIBUNE, will count as one vote for the contestant named therein.

There is also another way of securing votes and that is on subscriptions. Votes will be given on all paid-in-advance subscriptions as follows:

One month, 65c	25 extra votes
Three months, $1.95	100 extra votes
Six months, $3.90	300 extra votes
One year, $7.80	1000 extra votes

HE SUES FOR $2500 DAMAGES

W. Grondona Says Sewer Man Did Not Put Out Warning Lights.

A damage suit for $2500 was filed yesterday by W. Grondona against Michael Heafey. The complaint says that Heafey did not have warning lights over an excavation on Fourteenth street between Clay and Jefferson, and that on the night of November 8, about nine o'clock, Grondona was driving along the street and his horse fell into the ditch. The driver was injured, and he says that the horse received a broken leg and had to be killed.
